I have read it so many times, always in its original language german, and now for the first time in english and the translation is quite successful. For children (from 10 years) as much as for adults.13 von 14 Kunden fanden die folgende Rezension hilfreich. A Fantastic

Read! Von Ein Kunde This book is a wonderful introduction to German fantasy literature for English speaking people. It is on the same level as the Neverending Story, another wonderful example of German literature. Once you have read about Captain Bluebear's adventures you will be a lifetime fan. My only complaint is that there is (so far) no sequel, showing us more of the Captain's adventures. Although, Walter Moer has written another novel set in the same world, but it has yet to be translated to English. 13 von 13 Kunden fanden die folgende Rezension hilfreich. Incredibly charming!!!! Von isabelle lavielle Have you ever heard of Minipirates? Have you ever wonder how a bad idea physically looks like? Did you know that waves can talk? Well if not it is really time for you to read Captain Bluebear's adventures. It is a witty, colorful, enchanting and beautifully written story. Walter Moers has this ability to change a jaded adult into an amazed child, and believe me it feels great!

Kurzbeschreibung The 13 1/2 Lives of Captain Bluebear is playful enough for young adult readers, yet as intricate and engaging as any work of literary fiction; it has the plot of a novel and the spontaneity and humor of a vintage comic book. "A bluebear has twenty-seven lives. I shall recount thirteen and a half of them in this book but keep quiet about the rest," says the narrator of Walter Moers's epic adventure. "What about the Minipirates? What about the Hobgoblins, the Spiderwitch, the Babbling Billows, the Troglotroll, the Mountain Maggot Mine is a tale of mortal danger and eternal love, of hairs breadth, last-minute escapes." Welcome to the fantastic world of Zamonia, populated by all manner of extraordinary characters. Its a land of imaginative lunacy and supreme adventure, wicked satire and epic fantasy, all mixed together, turned on its head, and lavishly illustrated by the author. Pressestimmen Marvellously fantastical. Sunday Express Part science fiction, part fairy tale, part myth, part epic, the book is a satire on all these genres... Very amusing.
