KurzbeschreibungPerfect for fans of Maeve Binchy' - CandisWelcome to Cedar Cove a small town with a big heart! Judge Olivia Lockheart has caused a scandal. Hearing Cecilia and Ian Randals petition for a divorce, she came to the conclusion that the young couple hadnt tried hard enough to make their marriage work. Her judgement? Divorce denied.While Judge Olivia throws the town into an uproar, her daughter Justine is on the verge of the biggest decision of her life. Should she stop waiting for love and accept a marriage of convenience? Olivias best friend, Grace, has troubles of her own. Dan, her husband, is increasingly distant and Grace is starting to wonder if hes having an affair.And in Cedar Cove, nothing stays secret for long. Make time for friends. Make time for Debbie Macomber.The Cedar Cove series is now a hit Channel 5 TV series, appearing on UK screens on CHANNEL 5USA .dePerennial favorite Debbie Macomber does what she does best in 16 Lighthouse Road, introducing fans to the scenic Pacific Northwest town of Cedar Cove, Washington, and its panoply of characters, including family court judge Olivia Lockhart who makes news when she denies the divorce petition of Cecilia and Ian Randall. Decreeing that the young couple had not tried hard enough to make their relationship work following the tragic death of their newborn daughter, Olivia's decision brings her to the attention of recent Cedar Cove arrival, newspaper editor Jack Griffin. And Jack's attentions are not entirely unwelcome for the long-divorced Olivia. In addition to her continued involvement in Cecilia and Ian's ongoing negotiations, Olivia's life is further complicated by her mother, Charlotte, her daughter, Justine, and her best friend, Grace, as they struggle with the difficult situations life tosses their way. Charlotte becomes enmeshed in trying to solve a mystery left to her by a mute stroke victim she befriends just before he dies. Justine has found the perfect man for her, one who shares her ambitions and thoughts on relationships, but why does she keep thinking about the boy she knew in high school who has grown into quite a man? And Grace's husband, Dan, has disappeared--again--and Grace has no idea where he is and when or if he'll be back. The multiple story lines and numerous relationships make reading at times challenging, but Macomber fans, old and new, will stand up and cheer as the prolific author lodges her protest against the disposable personal relationships all too common today. --Alison Trinkle.comPerennial favorite Debbie Macomber does what she does best in 16 Lighthouse Road, introducing fans to the scenic Pacific Northwest town of Cedar Cove, Washington, and its panoply of characters, including family court judge Olivia Lockhart who makes news when she denies the divorce petition of Cecilia and Ian Randall.
