the best authors in romance

Von Ein Kunde On December 31, 1999, in Boston harbor, public relations specialist Tess O'Mara hosts a shipboard party that she has planned, dreamed, and is now executing for the past two years. For the next six-months, guests will sail on a luxurious cruise to celebrate the new millennium. Her boss promises Tess a large bonus. Since he is rich and willing to spend money, Tess expects a generous bonus. On New Year's Day 2000, Tess checks to see if the expected reward has made it into her bank account. The ATM informs her she has \$1,000,000 in her account. Tess is a bit surprised, but since she successfully pulled off the opening Millennium event that will bring in millions to the business, she believes it might be hers. After spending a large sum of money, Tess calls her brother a T-man who tells her to leave town immediately. He thinks a Y2K glitch has deposited illegal money in her account. She goes to the safety of Almost, Arizona where his friend T.J. McCall is sheriff. The two opposites feel the immediate attraction and begin to fall in love, but must contend with the money launderers who have traced Tess to Arizona. Even if they live, they know she belongs in Boston while he belongs in Almost.

2000 KISSES centers on a Y2K financial glitch that leads readers to a taut romantic suspense. The fast-paced story line contains humorous elements mostly provided by the secondary cast who want the charming lead couple to remain together. Indian mysticism adds a bit of local flavor to the mix. With exciting novels like 2000 KISSES, the sky's the limit for the incomparable Christina Skye.

Von Claire I am an avid fan of Christina's Skye's romances, in fact i have most of them, and I really wanted to read this book but the different comments about it made me slightly uneasy on what to expect. Would be as negative as some readers said it was or would it be good? Well, finally I gave in to my instincts about the author and ordered it and what i can say is...it was just sheer LUCK that i didn't let those negative reviews deter me from buying it. Because the truth is that this book is magic. YOU NEVER GROW BORED while reading it. Something always lies waiting behind the corner. Its not one of those books, one reads so many of, where the best parts are only in the beginning and near the end. In this case EVERY part of the book is interesting and action packed. And, another thing -How could anyone say the love story between the two characters is tepid? I would recommend to whoever has never read any of Christina's Skye's novels to start reading them now. You won't be disappointed. 2000 kisses is great and i recommend it whole heartily to everyone

Von Brenda Ms. Skye has the wonderful ability to entertain her audience with her writing. Whether it's historical, paranormal, or contemporary, her imagination and talent continuously creates winners, and 2000 Kisses is no exception.

Tess O'Mara is on a working cruise when a stranger makes a prediction about her, which puts an unattached Tess in hopes of her future and the chance at a life long love. With the cruise and New Years day behind her, Tess finds her promised bonus is a little more. Did I say little? It's a lot more than she expected. Once she starts spending, her worried brother, who thinks it's something more, steps in and sends her to a friend for safe keeping. Sheriff McCall sounds like every woman's dream, but the dreams, or visions, Tess has are very unusual and mysterious... possibly dangerous. I enjoyed Ms. Skye's creation of Almost, Arizona and the characters that reside there. It gave the story an inviting, comfortable feel. This one is definitely a good read.

Kurzbeschreibung A year 2000 computer glitch got her \$1 million and a cowboy--and the wildest adventure of her life . . . P.R. whiz Tess O'Mara is burned out. She's looking for a change. Something wild and crazy. The year 2000 has arrived. And that's when the trouble begins. A computer glitch has deposited one million dollars into her bank account. Problem is, it's somebody else's money, somebody who's willing to kill to find it--and Tess has already spent a big chunk of it on a new wardrobe and a powder-blue Mercedes convertible. Suddenly Tess is running for her life, as fast and as far as she can go until she reaches the sleepy desert town of Almost, Arizona. Sheriff Jake McCall, a dead ringer for Mel Gibson, is there to catch her as she careens into town and collapses from heatstroke in his arms. Jake's prepared for anything--except the spoiled city slicker with trouble in her wake. The last thing he expects is to fall for her. But as danger tracks Tess to her door, something unexpected happens that will transform two very different people, and one dusty, dead-end town, forever . . . From the Paperback edition..

Only after she's spent a chunk of it does Tess discover that it's not the bonus she expected from her fabulously wealthy boss for a job well done. And whoever the money does belong to wants it back--bad. Forced into hiding, Tess heads for Almost, Arizona, to find her brother's old friend and Mel Gibson look-alike, Sheriff Jake McCall. Not your average small-town sheriff, Jake is just the man to keep Tess safe. Or is he?
