Von Barbara Cartland : 38. Love Lies and Marriage (The Eternal Collection) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised 38. Love Lies and Marriage (The Eternal Collection) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Als E-Book wenig zu empfehlenVon Vera GrandisonMeine Bewertung trifft auf alle Barbara Cartland E-Books zu. Die Bücher enthalten viel zu viele Tippfehler, die oft den Sinn entstellen. Wahrscheinlich wurden sie von jemandem abgeschrieben, der wenig Ahnung von der englischen Sprache hat. Das Lesen ist kein Genuss. Ich besitze mehr als 3000 Bücher, davon ungefähr 250 von Barbara Cartland. Seit ich einen Kindle habe, war es mein Ziel, so viele von meinen Büchern wie möglich als E-Books zu erwerben, damit ich mehr Platz in meiner Wohnung bekomme. Leider geht das bei Barbara Carland nicht. Andere E-Books sind ebenfalls mit Tippfehlern behaftet, wenn sie nach älteren Büchern erstellt wurden, die von B. Cartland sind dies jedoch in sehr hohem Maße.

KurzbeschreibungTeresa is everything her father Sir Hubert Bryan could wish for clever, loyal and sharp-witted. The only problem is that she was born a girl and not the son he hoped would follow in his footsteps. But Teresa sees no reason why her gender should prevent her from being an asset to him in his mighty shipping empire, and tells him so. Sir Hubert is astounded at her request he is far more concerned that his beautiful daughter will fall prey to the scavengers and fortune hunters amongst London Society. Having made his own vast fortune the hard way he is only too aware of what men will do to have access to the kind of wealth his lovely daughter will inherit. So when his dear friend the Marquess of Walstoke begs for help to prevent his heir Harry, the Earl of Lanbourne, making a disastrous marriage to a notorious actress he sees an opportunity to help his friend, and set a test of intelligence for his daughter too. Together, the two men hatch a plot to save Harry from himself and prevent him from ruining his life. Promising her work in the family business, Teresa agrees to her fathers pleas to play a central character in a daring deception. But Harry is not a fool, and astounded at his uncles lack of faith in him he storms off to Bourne Hall, his family estate, taking Teresa with him. Teresa is torn; she loves her father but the longer she spends with Harry the more her loyalties are tested. Experiencing strange new feelings, she begins to have her own reasons to make sure that Harry puts the past behind him. But are these reciprocated? Or is Harry destined to shake the foundations of Society by making his flame-haired actress the new Countess of Lanbourne?
