KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. My Goodness....rather give 10 starsVon PerfectlyImperfectWhat a ride... I still sport some great puffy eyes because I cried like a baby. But I cannot be embarrassed. Not one bit. What a great great love story. What a man. Tyler - every girl should feel that amount of love from someone. Typing these words has my eyes water all over again.But don't get me wrong. YOU SHOULD READ THIS BOOK ASAP!It's a beautiful and heart-wrenching love story covering the best

years of a young woman and a young man who fall in love with each other. It's about a strong woman who is willing to do everything for a little forever with the love of her life and it's about a young man who is willing to do everything for that woman in return. If you're looking for something real and honest and amazing - read this book! It was totally worth my time. Thank you Lilliana Anderson for bringing those to characters to life. You made me remember that it is more important to live in the moment than not to live at all.

Kurzbeschreibung "What's your name, sweetheart?"....That was the first thing. I wasn't his sweetheart, and he should have already known my name. But, that was the moment I became caught in Tyler Lohan's sight. He was wonderful and complicated, and I'd spent my life trying to hate him for being the golden boy who had everything so easy. However, as with all things, Tyler wasn't the person he appeared to be from the outside, and once I saw him the real him I fell, and I don't think I ever got back up. There would be a total of forty-seven things that sucked me into Tyler's life then forced me away. Forty-seven things that ruined me forever. Forty-seven was never going to be enough. There was no number great enough...47 Things. A non-traditional standalone romance that follows a couple as they come to terms with falling love in a world they can't control, and the certainty of the inevitable.
