KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. In Debbie's newest release, Cedar Cove Series #7.Von Sophia CroupollousThe story centers around an international chess champion, (Bobby Polgar,) who receives threats if he plays in a match which he is favored. Fearing his wife,

(Teri,) will be killed, Bobby drops out of the tournament. Terri feels in her heart that something is amiss, but her questions, as of yet, remain unanswered. Enter Terri's sister, Christie, who seems more content with departing from her sis, and you have small-town folk struggling within Washington's Cedar Cove. Through in a sheriff, who can't decide between his daughter and a new fling a broken heart and a love triangle, and you'll soon realize why the small-town charm of this series attracts so many fans. I'd also recommend reading Tino Georgiou's hot new novel--THE FATES.

KurzbeschreibungPerfect for fans of Maeve Binchy' - CandisDear Reader, I'm living a life I couldn't even have dreamed of a few years ago. I'm married to Bobby Polgar now (you know, the famous chess champion who just happens to be the man I love!). And we've got this beautiful house with a view of Puget Sound. But lately something's been worrying Bobby. When I asked, he said he was "protecting his queen"and I got the oddest feeling he wasn't talking about chess but about me. He wouldn't say anything else.Do you remember Get Nailed, the beauty salon in Cedar Cove? I still work there. I'll tell you about my friend Rachel, who's got two men interested in her (count 'em, two). And I'll let you in on what I've heard about Linnette McAfee, who left town when her love life fell apart. (That kind of trouble I know all about.) Come in soon for a manicure and a chat, okay? Teri (Miller) PolgarThe Cedar Cove series is now a hit Channel 5 TV series, appearing on UK screens on CHANNEL 5USA From Publishers WeeklyMacomber's bestselling multigenerational series returns (following 6 Rainier Drive), interweaving drama and romance from all corners of fictional Cedar Cove, Wash. The focus this go-round is international chess champion Bobby Polgar and his hairdresser wife, Teri. Veiled threats from a Russian opponent have caused Bobby to drop out of tournament play and keep a close watch over Teri, but she's more concerned about the antics of her predatory sister, Christie, who is growing ever more distant. As in past volumes, a raft of supporting characters' subplots run parallel to the leads', among them widowed sheriff Troy Davis, torn between his daughter's needs and a budding romance; physician's assistant Linnette McAfee, leaving town and a broken heart behind; and a love triangle involving Teri's best friend, Rachel. Fans will pick up the threads easily, and newcomers will find most of the relationships self-explanatory (though a chart of characters would prove helpful). As usual, Macomber's unique mix of navet, soap opera plotting and smalltown charm is virtually guaranteed to please. (Sept.) Copyright Reed Business Information, a division of Reed Elsevier Inc.
