**Von James Patterson : 7th Heaven: (Women's Murder Club 7) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 7th Heaven: (Women's Murder Club 7) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 8 von 8 Kunden fanden die folgende Rezension hilfreich. Quite an

unusual, but great Patterson (4.5\*) Von Wombatsbooks The seventh book in the Women's-Murder-Club series consists of three cases: The teenage son of California's ex-governor has vanished, a series of arsons involving fatalities and s/o stalking Yuki. Contrary to the previous book in this series, the cases are connected and that itself is a major improvement. The case of the missing ex-governor's son has been followed by the public intensely, because Michael had been born with an incurable heart defect and was much loved by the public. All of a sudden the police get an anonymous tip that Michael was seen entering the house of a prostitute on the evening of his disappearance. Yuki is trying the prostitute before court. A very charming and highly acclaimed true-crime writer, who wants to write a true-crime book on the Michael Campion-case, wants to include Yuki in his book to get her point of view on things. Or so he says.... At the same time there is a series of fires at homes of the wealthy. All of them result in fatalities. It takes a while for the police the SFFD arson investigators to determine whether the fires are accidental or arson. When they finally come to a conclusion, it is a gruesome one and the race is on.... "7th Heaven" was quite an unusual Patterson compared to his latest publications. Unusual because it does indeed have quite a lot of substance for a Patterson: firstly there is the much needed character development - at least on Lindsay's and Yuki's part. And secondly the chapters were indeed longer than just one page ;-). Besides that there is quite a lot of thrill and a completely unforeseeable ending. Apart from a few loose ends that IMHO have not been tied up neatly, "7th Heaven" is truly an amazing and entertaining Patterson! Thumbs up ;-)! 2 von 2 Kunden fanden die folgende Rezension hilfreich. Definitively my last of the Series Von Kundenrezensionen The story concerning the arsonists in the style of the German movie "Funny Games" that just got copied in the US was quite interesting if not really believable. The other two cases which almost melt into one are in part illogical like hell and the trial that Yuki quite rightly loses should never have happened. Patterson's crime-stories left something to be desired in the last few Cross- and Boxer-cases and so, after ending the Cross-series in my personal collection, now it is "bye, bye, Lindsay." Three cases cum trial is too much "formula" for my taste. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Kurzbeschreibung The no. 1 bestselling seventh instalment in the Women's Murder Club series... Lindsey is being pushed to the limits. Two cases have pushed Detective Lindsay Boxer to the limit. The hunt for a deranged murderer with a taste for fire, and a devastating new lead in the high-profile disappearance of the governor's son combine in an electrifying series of stunning twists and emotional surprises. With the help of her friends and fellow members of the Women's Murder Club - Yuki, an attorney feeling the strain of a high-profile court case; Claire, a medical examiner trying to balance her career and her pregnancy and Cindy, crime reporter for the San Francisco Chronicle - Lindsay must race to find the suspects and stop the cold-blooded killers, fast. From Publishers Weekly At the start of the gripping seventh Women's Murder Club thriller from bestseller Patterson and Paetro (after 2007's The 6th Target), San Francisco is still haunted by the disappearance of Michael Campion, the much-adored teenage son of a former California governor, three months earlier. Following up on a tip that Michael was last seen entering a prostitute's house, homicide inspector Lindsay Boxer and her new partner, Rich Conklin, are shocked when the hooker immediately confesses that Michael, who had a heart defect, died during sex and she disposed of his body. Lindsay's ADA pal, Yuki Castellano, is sure she has a slam-dunk case, but the trial soon takes a bizarre turn. Lindsay and Rich also scramble to track down a serial arsonist responsible for murdering a string of wealthy couples. Lindsay races to put the pieces together before the fires hit too close to home. In true Patterson style, the reader is privy to Lindsay's thoughts as well as the killers', ratcheting up the suspense an extra notch. Fans won't be disappointed with the twist at the end that not even Lindsay sees coming. (Feb.) Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. Pressestimmen "The opening two chapters of 7TH HEAVEN should be set to the Mission

Impossible theme song. Tension and violence races through those first few pages as surely as that burning fuse tracked across the screen. And you won't be able to stop there."Blogcritics.org"A fast-paced thriller . . . a swift and pleasurable read."ArmchairInterviews.com
