Von Cara Colter : A Bride Worth Waiting For (Silhouette Romance) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Bride Worth Waiting For (Silhouette Romance):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Well-crafted, powerful romance!Von MGOne of the best romances of 1999--Ms. Colter's well-crafted characters and powerful storyline reeled me in and kept me reading. You'll finish this in one sitting!0 von 0 Kunden fanden die folgende Rezension hilfreich. Thoroughly delightful!Von Ein KundeAs adolescents, Mark, Adam, and Tory were the Three Musketeers -- fiercely loyal to each other, inseparable, the very best of friends. Unfortunately, once grown, both men fall in love with the irrepressible heroine, and both ask her to marry them. But Tory chooses "safe" Mark over "wild" Adam, who, brokenhearted but unwilling to get in the way, leaves town. Who could predict, however, that Mark would be diagnosed with cancer two weeks after his and Tory's marriage? When he dies six years later, his

young widow eventually resumes something resembling a life, but one devoid of laughter. A year after his friend's death, Adam -- now a successful attorney -- receives a purposefully delayed letter from Mark, asking him to go back to Tory, to make her laugh again. . .and perhaps to discover what Mark knew all along? Although Adam's gut reaction rebels against his friend's last request, eventually loyalty -- and perhaps curiosity? -- win out. Determined to follow Mark's instructions to the letter, and nothing more, Adam is surprised to discover some things never really change. Written in a fresh, dynamic voice, with spunky, funny, charming characters that the author lets speak for themselves, *A Bride Worth Waiting For* shows that even traditional romance doesn't have to be "typical". Brilliantly blending laugh-out-loud humor with surprise moments of genuine, tear-invoking bittersweetness, Ms. Coulter has done a superb job. I, for one, will definitely be looking for more of her work.

Kurzbeschreibung ONCE UPON A TIME A WOMAN WAS COURTED BY TWO MEN BUT SHE COULD MARRY ONLY ONE So Tory Bradbury chose the safe man, the steady man. She bade him goodbye to the man who made her pulse pound and her breath unsteady. And then discovered that nothing in life was ever certain. Now a widow, Tory never expected to see her first love again. Then Adam Reed, the dangerously sexy bachelor she'd been so afraid to give her heart to all those years ago, came back. Adam claimed he'd come home only to make her smile again, but Tory saw something in his dark eyes that promised more. Could it be the rugged bachelor was ready to be groom and she was the bride he was waiting for?
