Von A.J. Thomas : A Casual Weekend Thing (Least Likely Partnership Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Casual Weekend Thing (Least Likely Partnership Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. It sooo could have been 5 stars ...but it's still 4 and fun to readVon SunneThis had the potential to be a very good and a very

entertaining book. Aaaaaand for most of the time it is exactly that. It has two sexy MCs one of them is really a funny, sarcastic and snarky guy, at least most of the time. The other is a complex down to the earth-kind of guy. Good. And their chemistry is also good. I really liked how they slipped, without even noticing for themselves, into a friendship and familiarity, too. That was really well done. It has a crime that is not the main focus but interesting enough to keep you interested. I don't know how and why but I knew from the beginning who was the bad guy. But don't let that discourage you, I don't think that it is too obvious. There are good side-characters, very prominent the partner. The banter between those two cops alone is worth reading the book. So but yeah, there is a big but.. It has some really annoying glitches like some not logical behaviour during sex, talking with a waitress about an ongoing investigation, Doug throwing up when under stress, how did he work undercover? Okay, later in the book he gets a better grip on it but in the beginning I found it slightly annoying and out of character. And when I read something like Christopher was so tight that Doug could hardly even move his finger inside him. then I want to remind all authors (not only this one) that this hole is used for some normal body functions, too. And it's just a pity that there are these things it would have been a perfect book otherwise. So, now you are forewarned. But I suggest you read it nonetheless. It is still really good and refreshingly more than the average formulaic story. I loved the dialogues and the banter. Yeah don't get discouraged, read it. 1 von 1 Kunden fanden die folgende Rezension hilfreich. It just wasn't meant to be. Von amygdala How this book managed to get that many high ratings (mainly on goodreads)? - Yeah. No idea whatsoever.. The MCs, I give them that, wanted for all intents and purposes to seem like they were these 3-dimensional, almost jumping-out-of-the-page, intriguing guys, coming to life in front of the reader's eyes. But I never quite bought it. It just wasn't there, was simply missing. Merely telling the reader that a character is flawed, kind of damaged and has major issues... well, even I can do that. It's not enough. The art is to let the reader get to know a MC without simply stating character traits. Maybe then one, as a reader, would be able to bond with them, instead of having utterly indifferent feelings towards them, as was the case with me. And let's not talk about the mystery element. One word: predictable. Sorry. This story and me? It just wasn't meant to be.

Kurzbeschreibung Least Likely Partnership: Book One Doug Heavy Runner left the life of an openly gay Miami police officer and returned to his home on the Salish-Kootenai Indian Reservation when his mother got sick. In the two years since she passed, he carved out an empty life as a small-town deputy, relying on out-of-town one-night stands to keep him sane. Then he meets Detective Christopher Hayes, and they share a wild night so incredible Doug breaks his own rule and allows a one-night stand to grow into a weekend of amazing sex. When Christopher travels from San Diego to Montana to deal with his abusive brother's suicide, he doesn't expect to find the man he spent the weekend with to be handling his brother's case. He certainly doesn't mind spending more time with Doug but then an arsonist destroys the house Christopher inherited from his brother, and Christopher and Doug discover they are the primary suspects. As they investigate, they discover Christopher's dead brother has set them on the trail of a psychotic pedophile who will stop at nothing to silence his last victim. However, the search for the victim goes horribly wrong, leaving Doug hospitalized and Christopher at the mercy of the killer.
