**Von Donna K. Weaver : A Change of Plans, Safe Harbors #1 (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Change of Plans, Safe Harbors #1 (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Worth the read! Von Erna Bro. Well, I've got to admit that I hardly read romance novels but some friends of mine recommended it to me so in the end, I gave in to their constant whining and gave it a shot. Truth be told: I don't regret

reading it. Not in the slightest. From the moment I started reading "A Change of Plans" I've had a hard time to put it down again. The storyline is incredibly well crafted and captivating, there is strong character development, intriguing interaction, and clever dialogue ... things I normally don't expect from romance novels! So yeah, all in all I am really surprised that this book is THAT good! Congratulations Donna K. Weaver, I'm now hooked on your writing!

Kurzbeschreibung Lyn wants to move on. She just doesn't realize it will take pirates, shipwreck, and an intriguing surgeon to do it. When Lyn sets off on her supposedly uncomplicated and unromantic cruise, she never dreams it will include pirates. All the 25-year-old Colorado high school teacher wants is to forget that her dead fianc was a cheating scumbag. What she plans is a vacation diversion; what fate provides is Braedon, an intriguing surgeon. She finds herself drawn to him: his gentle humor, his love of music, and even his willingness to let her take him down during morning karate practices. Against the backdrop of the ships make-believe world and its temporary friendships, her emotions come alive. However, fear is an emotion, too. Unaware of the sensitive waters he navigates, Braedon moves to take their relationship beyond friendship--on the very anniversary Lyn came on the cruise to forget. But Lyn's painful memories are too powerful, and she runs off in a panic. Things are bad enough when the pair finds themselves on one of the cruises snorkeling excursions in American Samoa. However, paradise turns to piracy when their party is kidnapped. Lyn's fear of a fairytale turns grim. Now she must fight alongside the man she rejected, first for their freedom and then against storms, sharks, and shipwreck.
