**Von JM Cartwright : A Change of Tune (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Change of Tune (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.  
Gewohnt gutVon TimberwlfInWer ein toll geschriebenes Buch mit Happy End sucht, ist hier Richtig. Es geht um Liebe, Familie und das Leben an sich. Keine groen Irrungen, keine Dramatik. Hier wird sich voll und ganz auf die

Hauptcharaktere konzentriert und ihre Beziehung zueinander. Ein schnes Buch fr kalte Nachmittage.

Kurzbeschreibung Johnny Rayne has had enough--enough of being at the top of the rock music industry for the last decade, enough of constant touring and recording. He wants something more--something very different. Moving to a farm in West Virginia, Johnny runs smack into Sheriff Virgil Grissom his first morning in the mountains. The sheriff challenges Johnny in a multitude of ways--with overt machismo, disdain for Johnny's musician past, and all-around know-it-all-ness. The two men clash continually, and Johnny resists succumbing to the sheriff's brash charm until Grissom forces him to admit some very basic truths. One: Johnny's definitely attracted to men. Two: Johnny's definitely attracted to Grissom. And three: Johnny's definitely going to enjoy every moment of it. Note: This novel was previously published. It has been substantially revised and re-edited for this release.
