kurzweilig zugleich. Gut zu lesen und nur zu empfehlen.

Kurzbeschreibung Inside every guy is the man he wants to be. It takes the right woman to bring him out In this unusual love story set in the 1960s, when change was in the air but not yet in the bloodstream of the nation, Rodney Brody is a young man in search of himself. Although he appears to have a continuous stream of beautiful lovers, his bravado masks a total lack of experience and a dogged adherence to an outmoded moral code. Then he meets an extraordinary woman who thinks for herself, and everything changes. Studded with the mannerisms and stylish dysfunctions of the "Mad Men" era, this novel provides an intimate insight into the difficulties of being different during the last decade that demanded uniformity.
