gewohnt ist, und ziemlich beruhigend nach der letzten eher mittelmässigen Geschichte. Hier geht es um Kche, Kochbcher, Verschwörungstheorien und Erpressung, dazu noch Mord, was will man mehr. Spannend, eindrcklich beschrieben, ich konnte es kaum weglegen.

KurzbeschreibungIts a recipe for disaster when bookbinder Brooklyn Wainwright is asked to restore an antique cookbook in this novel in the New York Times bestselling Bibliophile Mystery series. Brooklyns sister Savannah and her former culinary school classmates all became successful chefs, especially Savannahs ex-boyfriend Baxter Cromwell, who went on to culinary superstardom. When he invites the old gang to the gala opening of his new restaurant in San Francisco, Savannah asks Brooklyn to restore a rare antique cookbook as a present for him. The night they all gather, Baxter is found dead, the cookbook has disappeared, and Savannah becomes the suspect du jour. But Brooklyn knows her sister is innocent, and there are plenty of old grudges simmering among this backstabbing bunch. Now shell have to turn up the heat on the investigation before Chef Savannah finds herself slinging hash in a prison cafeteria.Pressestimmen Praise for the Bibliophile Mysteries "Kate Carlisle never fails to make me laugh, even as she has me turning the pages to see whats going to happen next.
