Von Lucinda Carrington : A Dangerous Lady (Black Lace Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Dangerous Lady (Black Lace Series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Highly charged romantic eroticaVon Ein KundeThis story takes hold of you and doesn't let you go till the very end. An

excellent erotic story that is lushly written and transports you to times gone by with a strong emphasis on romantic erotica. It is well paced with enough twists in the story that kept me turning the pages and drew me into finishing the story the same day of purchase. It was easy to step into the heroine's very erotic adventure. Our heroine is forced into a marriage of convenience that transports her to European Prussia. Her father's gambling debts set in motion a series of events that forces this blue blooded aristocrat to marry and produce an heir. The background is well researched and set in the last century. Her new father-in-law welcomes our heroine in a very strange but highly charged encounter to her new family. Circumstances find the heroine caught up in a web of intrigue and lust that involves some highly erotic encounters. I absolutely adored the character of her father-in-law, a very dark, dangerous, naughty and erotic individual. The initial byplay between the two is very exciting. Lucinda Carrington writes extremely well and I thoroughly recommend this book and any other of her books.
