discovered my "thirst" for vampire stories. And the first book of the Grandor Descendant series from Bell Stoires does not dissappoint. In fact I read it in one night and loved it. The story is about Ari, a young adult who is studying to become a vet. When being almost raped by drunk students on campus, she is rescued by a handsome stranger. But her rescue comes with a price, because soon she finds out, that the hot guy Ragon is a vampire and he needs to hold her captive in order to protect her from other vampires. From there the story unfolds, Ari learning more about vampires and their world. The sparks fly between Ari and Ragon and I really enjoyed their relationship coming alive. There's also some great secrets for Ari to discover and the book is full of twists and turns, suspense, friendship and much more. Can't wait for Book Two!

Spannende Vampirgeschichte der jungen Studentin Ari, die sich nach einer Fast-Vergewaltigung auf dem Unigelnde in ihren gut aussehenden Retter Ragon verliebt. Leider ist der ein Vampir und hlt sie zu ihrem eigenen Schutz von nun an gefangen. Nach und nach entdeckt sie die fr sie neue Welt der Vampire, verliebt sich in den heien Typen und findet neue Freunde. Damit das Ganze auch spannend bleibt, wird Ari von unbekanntem Vampire gejagt, die sie tten wollen, weil sie eine Bedrohung fr die Vampirrasse darstellt. Ragon und seine Vampirfreunde tun alles, um Ari zu beschtzen, aber es ist nicht immer alles was es scheint... Kurzweiliger, spannender Lesespa fr alle, die eine gute Vampirstory schtzen.

Kurzbeschreibung Even in the shadows there is light and where there is light, there is love... Ariana Sol is just like any other twenty-four year old. She is a university student, struggling to pay rent and absolutely confused by boys, at least she was. In one night Aris entire world is turned upside down, when a stranger rescues her from a brutal attack. But this stranger isnt normal, hell he isnt even human his name is Ragon and he is a vampire. But Ragon isnt the only vampire in Brisbane, there are hundreds of them, hiding amongst the shadows of the human sources they feed from. Three laws govern the vampires- the Final Death Laws, and by protecting Ari, Ragon has broken the most sacred one. What are Ragon's true reasons for wanting to protect Ariana? There is something he isnt telling her something that will change everything she thought she knew about her past something that will shape her future.
