Von Carolyn Jewel : A Darker Crimson (Crimson City Book 4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Darker Crimson (Crimson City Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Probably the best of the seriesVon GreystarClaudia is a police officer in the human fraction of Crimson City. Captured and changed by a demon, she is brought into the demon world to aid them crossing to earth. Her daughter held as leverage.

But there is hope, Tiberiu is a strong vampire who has given his word that he will see her daughter - and preferably Claudia herself - safe. But while the barrier between the worlds is close to collapse, it seems, not only Tiberiu is interested in Claudia, but one very dangerous, very dark and very evil demon as well. So it's the two against more than a force of nature...** One of the best books in the series. There is love, fun, desire, danger hope and loss. A perfect mix, a capable heroine and loveable hero - but again not black and white but with lots of grey in it. By now, it makes no sense to read only this book, you have to keep the order - and though the story has an ending, it definitely leads to the next part.

Kurzbeschreibung Never get between a cop and her daughter. Even if you're an all-powerful demon. "A DARKER CRIMSON is a fast-paced, attention-grabbing, action-packed hell of a ride into the unknown demon world." (Romance Today) Officer Claudia Donovan doesn't blink at the two latest corpses. They aren't the first paranormal kills she's seen by far. Even the notorious vampire criminal kingpin Tiberiu Korzha doesn't phase her anymore. When demons kidnap her and her daughter, however, she's out of her league. A dark-magic ritual leaves her bonded to a demon and clamoring for Korzha's help. Tiberiu Korzha doesn't care for humans, though Claudia Donovan is more tempting than most. When he's trapped in the demon world with Donovan, Korzha must put a private deal with the demons on the line to help rescue the cop's daughter. If they can't return home in time, they know plenty of dangerous demons who'll do anything to take their place in Crimson City. A Darker Crimson is the fourth book in the Crimson City saga, a series of sizzling paranormal romance novels. If you like strong female characters, steamy love scenes, and edge-of-your-seat action, you'll love Carolyn Jewel's world of vampires, demons, humans, and werewolves. Buy A Darker Crimson to begin the captivating tale today! EXCERPT: You are one hell of a woman, Donovan. His face went completely and deadly still. But his eyes glittered. A very long time ago, I won my independence. I will not now tolerate being manipulated. Not even by you. I will not make another vampire. Why not? Vamps go around biting people all the time. She put her hands on his face. A slight roughness on his cheeks, but cool skin. Despite the laws, vamps bite people all the time. Here I am, telling you no limits. No stopping point. She had to convince him. She had to for Holly's sake. I'm not going to file a complaint afterward. What's the problem? You get performance anxiety or something? His teeth flashed. I resent being treated like an animal. A performing bear. I don't mean it like that. Yes, you do. I've read your file, Korzha. You hit the society pages about as often as you end up on the blotter. You got caught fang-deep in Senator Baker's daughter. Salvatore Giamani testified you hit his Persian connection and had a drink afterward. How come I fall below your standard? She was biting me, Officer, and there were seven witnesses who directly contradicted Giamani. Smoke and fire, fangs. Smoke and fire. You're a bad man. And an even more dangerous fang. Exactly. No. They want to keep my daughter here, the demons do. She'll grow up without me, Korzha. I'm her mother. I don't want to leave her. She's only ten. She swallowed the lump in her throat. Who else is going to love her no matter what? Korzha closed his eyes and whispered, Draga inama. Her breath caught and rattled on the way out. Her chest constricted until there wasn't enough room for her lungs to expand. The force of his thoughts around her, calling to her made her sick to her stomach. Stop that. She bent her head, fighting the sensations. Stop it. Why, when you won't stop torturing me? Don't you get it, Korzha? I'm going to die like all the others Aslet has made open the portal. You're crazy if you think I'm going to leave Holly here at the mercy of these freaks. If you don't help me, I'll make my own damn deal, and you can stay here and rot for all I care. You're not the only vampire in the world. I'll tell them to bring back someone with fewer scruples than you. He had only one hand on the wall now. The other swung free. He leaned in closer, pressing her against the wall. His clothes rustled, but she didn't hear any breath sounds from him. You have no idea what you're asking. I bet you say that to all the girls. From Booklist Crimson City, the former City of Angels, is on the brink of war among humans, vampires, and werewolves, and police officer Claudia Donovan is caught in the middle. Things couldn't get much worse, and yet they do. Her child is kidnapped, and Claudia discovers another faction threatening to destroy whatever last tie to peace Crimson City has. Demons do exist, and they're ready to spill into the city to take control. Her only ally is the vampire Tiberiu Korzha, and he may be the greatest, sweetest danger of all. Jewel takes her turn contributing to the multi-author Crimson City series, a series that has been slowed down by seemingly dropped story lines and characters who really needed a nod in this fourth installment. Jewel adds to the confusion by sacrificing a strong secondary character. However, the heart of this novel still beats strongly with pulse-pounding action, well-drawn characters, and sexy romance.
