Hilarious, witty just plain awesomeVon Anjlikthe one thing i didn't like was the cliffhanger ending but i bought the second book and will be reading it as soon as i finish writing this review ;). i loved the characters and their interactions. the story was well paced and had a lot of twists to keep me reading and find out what else would happen.

either constantly grinning, smirking or LOL throughout the book even at the sometimes more unbelievable parts just makes this book a must read.0 von 1 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungAnabel Axelrod is no Cinderella waiting for her prince.But when the happily single control enthusiast, who has a rule for everything in her life, especially for the men she dates, is introduced to the not too tall, seductively dark, and not too handsome Luke Drake, she is appallingly fascinated to find herself lusting after the alpha male like no man before in her extensive dating career. Anabel is right to be wary because the mysterious new man in town does not play by anybody's rules to get what he wants. And he wants Anabel.What do you get when you mix together a sassy, confident woman who is a magnet for trouble, a dangerously sexy man with a secret agenda, fun-loving friends beset with problems, and a few crazy relatives? It's not the author's intent to offend, so PLEASE do not read these books if any of these events occurring in an ongoing series might trigger your offended button. Cliffhangers (by definition meaning not every plot line is finished in one volume, but may continue into the next book or even across the whole series), sexual fantasies and role-playing situations you may not personally approve of or wish to practice at home, an average steam factor of 3.5ish out of 5, with 0 being cozy and 5 being erotica, the real possibility there won't be a H-E-A at the end of each volume, mild to sometimes strong violence depending upon plot lines, and colorful swearing. ber den Autor und weitere MitwirkendeMeet Tracy Ellen... I was born in Indiana to middle-class parents, the third out of five hellions. I often used my supernatural powers to force my family members to listen to me talk and tell stories. When that tough crowd laughed of their own free will, I knew the world would someday, somehow be my stage. I've lived in the Midwest my whole life--in a small town, on a farm, and in the big city. Currently, I live in the 'burbs of St Paul, Mn. with my family. Im married and still tormenting the man I started stalking at age seventeen. Luckily, I'm speaking about the same man. The historical town of Northfield featured in Anabels Adventures is just down the road a jaunt. I like writing about the values and independent spirits of people

found in small town living, but with a definitely modern twist. I hope you enjoy my books. Thanking you for checking me out. I love connecting with readers and other indie authors.
