SpectacularVon Megan VillaNever have I come across a better author. Bodie Theone (tay-nee) is truly amazing. These books are full of drama. It's like the characters became my friends.

When I finished the series, It felt as though I lost some good friends. I really don't know if I could be as entertained, enlightened and fulfilled by reading anything else after reading this series. Originally I was checking the series out one at a time from the library. But when I realized I'd finally found something I couldn't put down, I figured I better buy the whole series. I have never bought books before, because I've never found anything worthy of being read more than once. I was just so compelled and I want to share her writings with all my friends and family. She's spectacular. So is anything written by her husband Brock, who helps her co-write everything. It's almost like watching a movie, because there are so many plots intertwined. I was shocked to read the epilogue in RETURN TO ZION. You'll have to find out for yourself. Just don't start reading in the middle of the series. If I could never read another authors works but one it would be the Theone's. - Megan Villa0 von 0 Kunden fanden die folgende Rezension hilfreich. I nearly failed Uni because of this book!Von Ein KundeI had to write this review to encourage people to read these books. I discovered them during exam time in my second year of Uni and can't believe I managed to pass my exams when I read each book non stop over four days. Truly exception books and an inspirational writer. I have never been so deeply effected by a novel before.0 von 0 Kunden fanden die folgende Rezension hilfreich. Exciting story about RachelVon Ein KundeLoved this book. I mean it is up there with my top five favorite books!!!! Loved this whole series. Still would have liked more exploration of the character Rachel, and what happened to her in the S.S. brothel. Also, what happened between her and the S.S. officer who must have protected her from Gerhardt?

KurzbeschreibungShe survived the Holocaust at great personal cost. But will her past now destroy her?Its January 1948. After suffering the horrors of years in a Nazi concentration camp, Rachel Lubetkin has at last come home to Jerusalem . . . and the family who thought she was dead. But the mark on her arm has also marked her heart. Will her secrets, if revealed, discredit her among her own people? And at a time of great danger, when she so desperately wants to help?British soldiers stand idly by while Arabs attack Jewish transports in the besieged Old City. Moshe Sachar, archaeologist by day and secret blockade runner by night, determines to fight for the ancient promises. But he cant shake the vision of the beautiful young woman he rescued from the sea.The very same Jewess that Gerhardt, a former Nazi, vows to find . . . to make her pay.KurzbeschreibungShe survived the Holocaust at great personal cost.
