**Von Tom Kratman : A Desert Called Peace (Carrera Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Desert Called Peace (Carrera Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich.  
Dangerous visions...Von Tobias PrinzOne of those books that can be recommended after some caveats:If you can deal with the fact that Kratman hates Muslims, despises the EU, loves the US, has women only in subordinate positions, sees stuff only in black and white and that his shorthand for "these are the bad guys" is that they rape someone, while taking quite some time to describe such rape, then go, read this book.I am serious: Go, read it. Because besides all these annoying habits (there are more), he writes a story that's poignant. It's one of those "Dangerous Visions" that Harlan Ellison liked to publish. The writing is okay, the pacing somewhat bumpy, the characterisations are simple, the

message is plain obvious from page one, but unless you only read feelgood stories, you should really finish one of his books because they do give you a different perspective.

KurzbeschreibungHE RAISED AN ARMY AGAINST THOSE WHO TOOK EVERYTHING FROM HIMThey should have picked their enemies more carefully.Five centuries from now, on a remarkably Earthlike planet that is mankind's sole colony in space, religious fanatics called the ""Salafi Ikhwan"" have murdered the uncle of former colonel Patrick Hennessey. That was their first mistake, because uncle was rich and Hennessey was rather a good colonel. But they also murdered Hennessey's wife, Linda, and their three small children, and that was their worst mistake for she was the only restraint Hennessey had ever accepted.From the pile of rubble and the pillar of fire that mark the last resting place of Linda Hennessey and her children arises a new warriorCarrera, scourge of the Salafis. He will forge an army of ruthless fanatics from the decrepit remains of failed state's military. He will wage war across half a world. He will find those who killed his family. He will destroy them, and those who support them, utterly, completely, without restraint or remorse.Only when he is finished will there be peace: the peace of an empty wind as it blows across a desert strewn with the bones of Carrera's enemies.At the publisher's request, this title is sold without DRM (Digital Rights Management).KurzbeschreibungHE RAISED AN ARMY AGAINST THOSE WHO TOOK EVERYTHING FROM HIMThey should have picked their enemies more carefully.Five centuries from now, on a remarkably Earthlike planet that is mankind's sole colony in space, religious fanatics called the ""Salafi Ikhwan"" have murdered the uncle of former colonel Patrick Hennessey.
