It is always a pleasure to read her books.Von Hedwig KusThe reader does not have to indulge in difficult conversations or situations. Her books are easy to read, funny and that little erotica she puts into the story give it just the right mix to make her stories just adorable. I am very much looking forward to her next book and can't wait until I can download it on my kindle. I have recommended her to all my friends and I am sure that they too will enjoy her stories. What she

writes could happen to any of us out there and it is a bit of real life. Thanks Dee

Several years, career changes, and a few daughters later, she heard a guest on a radio show make the suggestion that if you want to be happy, you should go back to what you were doing when you were ten and try to make it a career. Since Dee was writing stories when she was ten, she decided to give writing another go. After three novels and many rejection letters, she self-published Better Off Without Him. In the spring of 2013, she signed with Montlake Publishing. Though Dee finds a lot in common with all her heroines, she is happily married and living in New Jersey.
