KurzbeschreibungFrom one of the original masters of romance, New York Times bestselling author Bertrice Small invites you into the magical, sensual World of Hetar.The time of peace is over. After the murder of her husband, Lara

half-faerie, half-human must leave the home she has made in the Outlands and follow the destiny that has long called her. Using her brilliant sword and even sharper mind, Lara must journey toward the coast, seeking alliances to protect the future of her land. But when treachery binds her once more in chains, the green-eyed beauty is taken far beyond the world she knows. Only there will she discover that destiny has a mind of its own and that true passion knows no boundaries.

From Booklist Half-faerie, half-mortal Lara's five years of happiness as the wife of Vartan, Lord of the Fiacre, ends the day Vartan's jealous younger brother Adon murders her husband. After slaying Adon and his wife, who played her own part in the murder, Lara realizes she can no longer remain in Fiacre, so she sets off for the Coastal Kingdoms and then across the sea to Terah. There Lara meets Magnus Hauk, the Dominus of Terah and the one man who just might be her equal. New York Times best-selling Small introduced Lara and the fantasy world of Hetar in Lara (2005). Readers who enjoyed the first in what now promises to be a new series will devour Lara's latest adventure, in which she not only battles an old enemy and prevents a war but also finds new happiness and enjoys plenty of vividly detailed sex with a man who may be her true destiny.
