INSEPARABLE COMPANIONS IN LIFE--AND DEATH Von Ein Kunde This European tear-jerker is considered the first modern dog story, published in 1872, by an Englishwoman of French extraction. Ouida, as she called her literary alter-ego, obviously traveled in the Low Countries, for she is conversant with both the Flemish people (city life,

country life, general customs) and the foibles of human nature. The tale is frankly sentimental; one wonders if she is making a plea for social reform or communal conscience. I suspect that this story was not well received abroad; the city of Antwerp and the selfish villagers come off quite badly as a result of their shallow attitudes and callous indifference to poverty, pain and hunger. A dog is elevated to having almost human feelings, while an innocent youth is rewarded for his simple faith--only after death. Too late for Society to make amends; all they can do is grant the pair a single grave. Few teens of the 90's would appreciate this syrupy tale of Patrasche's devotion and Nello's artistic apotheosis. Still the book may strike a responsive chord in the hearts of sensitive readers of all ages. A good read-aloud story for bedtime. This emotional tragedy highlights the art of the Baroque master, Peter Paul Rubens (1577-1640). This Dover PB edition contains the original pen and ink sketches, which greatly enhance the story and our ability to "see" the characters.1 von 1 Kunden fanden die folgende Rezension hilfreich. One of the best books for all the dog peopleVon _This story reminds us that dogs are the best companions for human-beings. The firm and genuine friendship between Nero and Patrache is clearly described against the background of the dark, cold, gloomy weather of the northern country, and against the coldness of their neighbors who misunderstand much about them. If you like this kind of tragic story and want to read another one, please check outeHACHI|KO MONOGATARI'. This story (=MONOGATARI) is also focused on the close relationship between a human (a Japanese) and a dog. This is a touching tale, too. Unfortunately, however, I'm not sure whether it is translated in English or not. Anyway, I do recommend eA dog of Flanders', the most famous masterpiece of Ouida.1 von 1 Kunden fanden die folgende Rezension hilfreich. A haunting storyVon Margaret FioreI have had a little copy of this book with 2 other Ouida tales in it for years. It is a perennial favorite of mine and my children in spite of, or perhaps because of, its shamelessly emotional nature.The writing is lyrical and lovely, as are the illustrations.

Only indeed Patrasche, who, being with him always, saw him draw with chalk upon the stones any and every thing that grew or breathed, heard him on his little bed of hay murmur all manner of timid, pathetic prayers to the spirit of the great Master; watched his gaze darken and his face radiate at the evening glow of sunset or the rosy rising of the dawn.
