BlackReviewer: Stephanie Jordan#Paranormal #Dragonshifter #RomanceFor a short little Christmas Story it carries a lot of power. It's Christmas Eve and Hannah Rhodes a secretary forSorensen and Associates is working late but than that was nothing new. There was no one at home so she always worked late.It also didn't help she was in love with her boss for years and he didn't

even know she existed much less love her. Since Kye Sorensen was divorced last year, he decided to spend Christmas Eve alone at his cabin, besides the woman he wanted was off limits to him. Consequently he was hoping to get the paper work he needed for his case on Monday being an attorney he had to have the paper work. I was gifted this ARC for an honest and truthful review

Kurzbeschreibung Its Christmas Eve and Hannah Rhodes prefers to spend the holidays alone. Well, that's not exactly true. Her deepest desire is to spend Christmas in the arms of the man she loves. He's kind, considerate and handsome... Almost too good to be true. Only, Kye Sorensen is her boss and completely off limits. Though they have a friendly and professional working relationship, Kye has kept Hannah at arm's length for years. His secret is too profound, and to protect Hannah, he has to keep his distance. Though one mistake brings Hannah where he least expects to find her, and she's brought her own secret. A gift neither thought existed. \*Warning: Contains strong sexual content and is not suitable for readers under the age of 18.
