everyone thinks of love, reproduction and similar beautiful things, one man obviously has other ideas how to "celebrate" the change in climate and humours. After a mad killing spree 10 shot bodies are found and without the intervention of Mutt the half-wolf in love with a timber wolf, Kate could have been Nr. 11...Killer captured - case closed? Eh, no! One of the dead women was killed with a different rifle than all the others. But no other weapon has been found following the madman's bloody tracks. So Kate Shugak, pure-blood Aleut and her half-wolf Mutt have to find the second murderer for the sake of the Park community. It doesn't help much that the victim was hated by all the women in the Park for her philandering, and by the Rangers for her killing of black bears for their bladders, seals and otters for their skins and for shooting down everything that moves for the pure lust of killing...And she was very but very "loved" by the males because she took whoever she wanted, also those who didn't really wanted her. She was very seductive and far less selective. So Kate starts her investigation - and it will end with an earthquake...In between we learn again a lot about the different rites and ceremonies of the inhabitants of the Park of Aleut and other ancestry and how to make a good moose and caribou stew, too :) The locations are "exotic", the protagonists are very tough and the life in the Park really interesting. You read a lot about nature and the (wild-)life in the Park and how the White Man's influence (aka alcohol...) changed dramatically the people who lived and now live there - in the Wild of Alaska...I am sure I will read, one by one the other adventures of Kate Shugak and Mutt - so I will miss not one bit of informations about our heroines...0 von 0 Kunden fanden die folgende Rezension hilfreich. Exciting story Von Niqui Easy to read, lots of action plus a small insight into life in Alaska. Kate is a likable character with guts 2 von 6 Kunden fanden die folgende Rezension hilfreich. An Alaskan Mystery Von Nancy Mystery and a peek into Alaskan lifestyle combine to make for good reading. A good plot and finely drawn characters are a plus. Made me want more of Ms. Stabenow's stories.

Kurzbeschreibung Spring has arrived in The Park. The snow is melting, the birds are singing, the wolves are frolicking and somewhere, in a lonely cabin along the road to Niniltna, a man's sanity is breaking. Soon, nine people will be dead, seemingly the victims of a random act of violence until a routine ballistics test reveals that one of the murders was anything but random. Once again the Anchorage DA's department must turn to their former investigator, Kate Shugak, to uncover a calculating killer, hiding in plain sight. The second novel in Stabenow's Edgar Award-winning series of Alaskan mysteries, *A Fatal Thaw* vividly captures life in America's last frontier, filled with unique hardships, quirks and rewards. Pressestimmen 'An antidote to sugary female sleuths: Kate Shugak, the Aleut private investigator' New York Times. 'One of the strongest voices in crime fiction' Seattle Times. 'Stabenow is blessed with a rich prose style and a fine eye for detail. An outstanding series.' Washington Post. 'A darkly compelling view of life in the Alaskan bush, well laced with lots of gallows humor. Her characters are very believable, the story lines are always suspenseful, and every now and then she lets a truly vile villain be eaten by a grizzly. Who could ask for more?' Sharon Penman. 'For those who like series, mysteries, books with rich, idiosyncratic settings, engaging characters, Strong Women and reasonably hot sex on occasion ... let me recommend Dana Stabenow' Diana Gabaldon.
