Can't wait for the next installment!!Von Anne B.Like with all the other books af this series, I really longed to get it in my hands. And again I wasn't disappointed.Valentine is a cute guy who was imprisoned on earth at the Age of sixteen. Getting a chance to escape and leave the prison behind he sneaks into the only available ship on earth to head back to Mars. Arriving back "home" Valentine is slightly shocked how everything

has changed in all this years. He knows his big brother, Romeo, is part of the MC, so he tries to find him. On his way he meets Grim, the blond and sexy giant of a hunk. Instantly Valentine feels a connection to the blond man, who seems to be the only one Valentine feels comfortable with. Due everyone knows Valentine came directly from earth, all of the MC Long to know what happened to their missed VP, Liam. Gettin to know what Valentine has to tell broke my heart and left me in tears. I just wish they will get to earth in time. Especially, if Outlaw would find out..Valentine feels useless und wants to help to fight the remainings of the government. And if it could be at the side of his new sexy crush Grim, even better. Grim himself avoids to get any closer to the cute little but tough man, though their one kiss nearly brought him to his knees. Grim is punishing himself for past sins and wouldn't want to hurt Valentine. But love and ones heart can be an evil thing sometimes.Can this scared, lonely man and the former guard work it out and give in to their feelings and longing for each other? Will they find the ship and finally get back to earth to get Liam? See yourself...This book is an awesome, funny, sexy and exciting but soulful read. The way Grim seems to sense Valentinese fears and when he is feeling uncomfortable, but hiding it, is touching and amazing. They are great together. Just thinking of this big honest smile of Valentines blond giant makes my knees weak. Valentine himself is adorable, you just have to let him in your heart. And his little problem of sleepwanking, well, amazing, James!The hint given what happened to Liam nearly broke my heart, I really wish and hope the Outlaw MC will get there in time...The final step was taken at the end of this book, so it seems to me like taking a deep breath before the storm of changes breaks lose. Will humanity take their given chance and change everything for the better and right things? We'll see. Can't wait to read the final book now!!!
