KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I Absolutely Love This Story!Von Anna SalamatinI absolutely love this story! This is a love story your never going to forget, simply because your never going to find another like it!Janel is one kick ass chick. and her partner Moren is absolutely the coolest supporting character with his unique use of the english language! He so cracked me up! Absolutely all of the creatures and species of this story are so well described, with such detail I could clearly see this remarkable universe just the way Jake did.Janel comes back to earth for her 20 year school reunion, or at lest that's her

cover.....she really needs to get pregnant in order to keep from being mated to some leech that's chasing her around the solar system, I mean, sheesh, he's not even human! So Janel is gonna make a play for the boy she has always loved from her school days. Jake is the Sheriff now, has a son, wife gone from cancer.....Ok, there's the set up.....Now, no one knows what happened to Janel 20 yrs ago. She was just gone one graduation day.... Jake is about to learn where she's been and along with young John get the journey of their lives when the reunion party goes horribly wrong and Janel is forced to take them with her in order to save Jake's life. This is a fast paced story of adventure that runs the whole gambit of....grief, pain, loneliness, loss, humor love. And oh yeah!.....there is one mother of a cliffhanger at the end, thank the stars I already have the sequel! Only you M. Only you!

Kurzbeschreibung Janel Canton must be pregnant by the time Fleet Commander Pearson Acto catches up to her again and only one man will do for that. Her one true love, sexy Montana Sheriff Jake Reeves. But returning to Earth she finds he's still mourning his dead wife and has become very comfortable in the small-town life. Will introducing him to reality of the Universe be enough for him to move on to a new life? Sheriff Jake Reeves never thought the nerdy girl he and his cronies picked on in High School would someday become a star ship captain capable of holding her own in just about any situation. But when he meets up with Janel again at their 20 year reunion, that's exactly what he finds! Gone is the nerdy little mouse that never fought back. In it's place, is a rough and tumble, no holds barred, drop-dead gorgeous woman who he's going to have one hell of a time not falling in love with...
