Interesting subject and well written
Von Ramona
The Illuminant Enforcer Series is an interesting take on the theme of "special people fighting evil". Although I had to read a few chapters to get drawn into the story, I liked the credibility of Madison. Unlike characters in other, less well written series, she does not evolve from clueless to superheroine in 24 hours, her journey is just beginning. I really liked this book, and I will definitely read the following novels.

Interesting fantasy aspect with the soul seeing and purifying point. The book was fast paced and there were many funny moments. However I feel that the heroine did not evolve enough for my taste. After the original confusion about finding out what her skills are meant for, she is continuing struggling with herself. Also she behaved a lot like a teenager and her boss is the mean step father figure who does not allow her to do forbidden and dangerous stuff although she is clearly incapable of protecting herself. I hope that in the next book the character will evolve some more and the action wont be limited to killing some tiny specs of black evil stuff the whole time and petting a cat...

Kurzbeschreibung
Madisons new job would be perfect, if not for all the creatures trying to eat her soul
Over 200 Five-Star s (/Goodreads)
Madison Fox just learned that her ability to see souls is more than a sight: Its a weapon for fighting evil. The only problem is she doesnt have a clue what shes doing. On the positive side, her money problems are over and her coworker is smoking hot. On the negative side, evil creatures now actively hunt her, and deadly experiences are becoming the norm. When she thinks it couldnt get worse, a powerful evil sets up shop at a local hotels video game convention, and its got its eye on more than the gaming geeksit's hungry for Madisons soul. Madison needs to become an expert illuminant enforcer overnight to save her job, her region...and her life.
A Fistful of Evil is a fresh new adult urban fantasy from the author of the well-loved Gargoyle Guardian Chronicles. For a wildly imaginative story packed full of supernatural horrors, kick-butt action, and laugh-out-loud moments, you wont want to miss this series starter. Scroll up and click buy to start this humorous adventure!
This story will have you captivated from start to finish (Sassy Book Lovers)
