Von Kendall McKenna : A Gentle Kind of Strength (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Gentle Kind of Strength (English Edition):

When a dog steals the whole show...Von FelizThe writing was oddly distant; the only more vivid parts happened in reference to Harley the dog. Both human MC's are so hung up on their own fears and reserves they have a hard time connecting with each other, even with Harley's help, and thus made it hard for me as the reader to connect with them. Still, a nice,

low-key story.
