Von Alice Duncan : A Gentle Magic (Land of Enchantment Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Gentle Magic (Land of Enchantment Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Light fairy tale romanceVon LaylaReaderMelissa is a child of the Boston slums, who has never known the good life. She

started work at 9 and married young to get away from Boston. Sadly her husband cares only for himself and after many disappointments abandons her in her hour of need - leaving her alone in labour in the middle of nowhere in New Mexico. Cody and his cousin hear a scream and rush to see if they can help. Cody is shocked to find Melissa about to give birth, but he overcomes his embarrassment and hopes that his experience with cows will help. A bond is created and not easily broken. Melissa is grateful to Cody and in awe of his kind nature, not to mention his good looks. Cody is drawn to Melissa, with a desire to protect her. There are few women in New Mexico so everything about Melissa is a discovery for him. Unfortunately there is the issue that Melissa is actually married - albeit to a thoughtless, useless man who buys new cowboy boots with his limited funds rather than provide one cent for his wife and new child. This is a light-hearted romance with a story that flows, helped along at times by a sprinkling of magic. One of the key figures is the old Scotsman Mac, who seems to be able to read minds. I am generally not a 'fantasy' reader, but this is a subtle kind of magic, helping perfect normal events along. The focus remains on the relationship between Cody and Melissa. You can feel the heat of the desert and see the sand that blows everywhere in the flat landscape without trees. The characters are likeable and even the inept villain is all too human. This is a fairy tale for adults - a light, feel-good romance with humour and a good story.

Kurzbeschreibung Cattleman Cody O'Fannin had never shied away from an adventure in his life, so when a high-pitched scream rang out across the harsh New Mexico Territory, he rode straight in the heart of danger, expecting to find a cougar or a Comanche. Instead, he found a scene far more frightening: a woman in the final stages of childbirth. Alone, the beautiful Melissa Wilmeth clearly needed his assistance, and although he would rather have faced a band of thieving outlaws, Cody resolutely ignored his quaking insides and helped deliver her baby. When the infant's first wail filled the air, Cody gazed into Melissa's bewitching blue eyes and was spellbound. How else could he explain the queer tightening in his chest and the sparkles he saw shimmering in the air above her honey-colored hair? Then thoughts of marriage crept into his head, and he knew for sure that both his sense and his courage had deserted him on the same day. But as he got to know the new mother with the engaging smile, he didn't need a crystal ball to realize he hadn't lost his mind or his nerve, but his heart.
