Von Stephanie Laurens : A Gentleman's Honor (Bastion Club) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Gentleman's Honor (Bastion Club):

Bastion Club. A club founded by six gentleman who have come back to town after years of service to king and country. They have all inherited, have become Lords or Viscounts, and are now in need of wives. They do not, however, need the help of the meddling mothers of the Ton. So, they've founded this club to retreat to, compare notes, share the dangers and plan strategies. Now, Anthony Torrington is to meet his bride, under unusual circumstances. He finds her bending over a man who has been stabbed, who is definitely dead and with the murder weapon in her hand. He soon finds out that she is not the murderer, and his attraction to her grows. Stephanie Laurens has not only given us a wonderful sensuous romance as always, but an intriguing story to boot! She holds us in excitement all the way through, and I must admit, I did guess the culprit, but very close to the end. The last few pages were only the confirmation. A highly enjoyable read, a hard-to-put down book, Stephanie's fans will not be disappointed, but will be waiting impatiently for the next installment!

KurzbeschreibungThe Season has yet to begin, and the second member of the Bastion Club, tall, handsome Anthony Blake, Viscount Torrington, is already a target for every matchmaking mama in London. None of their flighty daughters can fix his interest, but a certain lady does...Alicia is living a deception. Desperation has caused the determined but penniless lady to boldly launch her ravishing younger sister into the ton and have her make a spectacular match. By masquerading as the widowed "Mrs. Carrington" Alicia can act as the perfect chaperone but fashionable ladies are not accused of murder...When Tony Blake discovers Alicia standing over a dead body in his godmother's garden, every instinct tells him she is innocent. His connections allow him to take control of the investigation, his social prominence provides her public support, but it is more than honor that compels him to protect her and to do everything in his seductive power to make her his. From Publishers Weekly
In this steamy Regency, the second in Laurens's new Bastion Club series (following The Lady Chosen), Lord Anthony Blake, a former spy for England, finds himself at loose ends after the fall of Napoleon. Genteel widow Alicia Carrington, who's in London to chaperone her younger sister, puts an end to Anthony's ennui when she stumbles upon a dead body at a soiree and he stumbles upon her at the same time. A mysterious villain seems determined to frame Alicia for the murder, but the real danger lies in the secret she's hiding from everyone-including Anthony, who quickly insinuates himself into her life. As in all of Laurens's romances, the love scenes are passionate, and chemistry hums between the pair. Alicia is a classic Laurens heroine: plucky and determined. Anthony is high-handed at times but not offensively so. Although the romantic tension relies heavily on a few unspoken words, it's entertaining to watch the baffled couple finally admit to their feelings. Unfortunately, the mystery subplot is less compelling, depending as it does on following a paper trail that offers up little drama. Still, Laurens's fans should be more than satisfied with this heady tale. Copyright 2003 Reed Business Information, Inc.
