**Von Julie Garwood : A Girl Named Summer (Wildfire series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Girl Named Summer (Wildfire series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A Nice Change From Julie's NormVon KellyI am absolutley obsessed with Julie Garwood's books, and it did not phase he at

all tht this book was aimed toward younger readers. Infact, it just displayed Ms. Garwood's talent for writing. She really knows how to write any knid of book, and I am not at all dissapointed with this offering. It was actually nice for me to read a book that was directed at my own age. My mom was telling me "Finally, a book for your own age!" (I'm only thirteen). There are many reasons why I loved this book. 1) I really identified with Summer. She is really a normal teen, and it is nice to read about people like yourself. Unlike Julie's historical characters, you know what Summer is going through because you have experienced it firsthand in your own time. 2) She really explained the joys of running well. I myself am a runner, and she really depicted it well. 3) I was glued to my seat from the first page on. Like I have said before, I knew what the characters were going through. So, if you are a dedicated Garwood fan, or a young adult, this is a great, quick read. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Pleasant, easy read Von Ein Kunde This is a pretty good book. It's nice and relaxing to read. I got hooked on it. How many of us have met girls almost exactly like Ann Logan? David was kind of gullible and indecisive, though, switching from Summer to Ann and back again. It showed what a mess lies can get you into . It was a little childish, but I enjoyed reading it. It related to my life. "A Girl Named Summer" would probably be best for girls ages 12-15. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Okay, for younger readers... Von Ein Kunde When I first saw this book, I kind of had a feeling it was for younger readers, but I am a fan of Julie Garwood, so I decided to buy it. After I was done reading it, I thought that the story was good, but not as good as her other stories, so I gave it to my ten year old sister to read.

Kurzbeschreibung A timeless romance from New York Times bestseller Julie Garwood, a tale for mothers to share with their daughters, and for women to remember what it feels like to fall in love for the very first time. Summer never meant to lie. She just wanted to keep the most perfect guy she ever met interested in her. She had been surprised when David began hanging out with her every day and dizzy with happiness when he kissed her. David seemed to like her unconventional Irish family, even her eccentric Grandpa. Everything was going great - until Ann entered the picture. She collected boys like trophies. How could Summer compete with someone like that? Before she knew it, Summer was boasting to David about her passion for long-distance running. She never dreamed he'd enter them in a six-mile race. Summer dreaded the moment when he would discover the truth: she couldn't run six blocks. And the flirtatious Ann was already working on David. Then Summer's Grandpa came up with a plan that was just crazy enough to save the day. Her reputation as a masterful storyteller is solidly founded in her ability to deliver stories with appealing characters, powerful emotions, and surprising plot twists. Readers claim that it's the humor as well as the poignancy of her novels that keep them laughing, crying and thoroughly entertained. Ms. Garwood lives in Leawood, Kansas and is currently working on her next novel. When her schedule allows time away from family and career, she devotes her efforts to promoting literacy, and especially enjoys sharing her love of reading with student groups.
