an interesting story.

Kurzbeschreibung Are diamonds really a girl's best friend? Danielle van der Straaten certainly thinks so. Her boyfriends cheat on her, her sister drives her mad and her father only wants to see her married with children - despite all the work she's put into the family jewellery business. Diamonds are the only thing she can rely on. Her sister, Isabel, doesn't care about diamonds, provided she has something sparkly to wear to a party and a gorgeous man to dance with. Life is for living and having fun. And if their money disappeared tomorrow? She'd be in serious trouble. Jemma Stortford can no longer afford diamonds and finds it hard seeing Danielle and Isabel living the life that should have been hers. But when she wakes up to find the handsome Nico Morales in her bed, it appears her luck has finally changed. But is Nico who he claims to be? And why is he so interested in the van der Straatens? As the three women are about to find out, sometimes diamonds aren't a girl's best friend at all! A Girl's Best Friend is a romantic comedy with a murder mystery
