Von J.P. Barnaby : A Heart for Robbie (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Heart for Robbie (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
A.M.A.Z.I.N.GVon ManPitI would give this book more stars if possible. It's a heartwrenching story at some points. Little Robbie is in the need of a heart, but stole mine in the very beginning. The Lovestory between Simon and Julian, the anchor they are for another, in good and bad times...we all want such a love. I learned alot about the topic transplantation and the first thing I do in the morning is getting a transplant-pass. Thank u J.P. Barnaby for this

wonderful read

Kurzbeschreibung Celebrated Young Adult author Julian Holmes pits the heroic characters in his Black Heart series against all different kinds of monsters. But when a critical heart defect threatens his sons life, he finds he has no champion. No amount of books, classes, or practice can prepare Julian for the fight to save his beautiful sons life. Suddenly there are hospitals, transplant lists, and the nightmare of insurance red tape to navigate. In the midst of his trouble, Julian meets Simon Phelps, the insurance coordinator for Robbies case. Simon lives so deep in the closet he might never find his way out, but he dreams of exactly what Julian has. Then one night, drunken need and desperation brings them together, and a new fight begins.
