Very enjoyable :)Von Demel just recently found Claire Chilton and im glad i did !The book is quirky and funny . Once you start its hard to put down :)Already got some of her other books (not read them yet),but i know i will enjoy them. I am not a YA , still does not stop me from reading her books :)Because in the end, no matter how old you are, if you enjoy a book,if it makes you laugh and the writing is so smooth that you almost fly through the bookin one go , and before your finished, you check out the next book and get it , then for me its totally worth reading :)

Fortunately, for the sake of the United Kingdom, she did not get the job. Now a web designer and graphic designer with a passion for great stories, she writes about the adventures she'd like to have. A prolific writer with wide-ranging interests, Claire specializes in romantic and speculative fiction, which includes genres such as mystery, science fiction, fantasy, horror, comedy and romance. Her mystery romance novel, "Hustle," won Harlequin's "So You Think You Can Write" contest in 2013, and her previous books in "The Demon Diaries" won the "Most Read" award on Wattpad. After exploring the world in her misspent youth, traveling across Europe, Africa, and the Caribbean, she now lives in an ancient Roman city in Yorkshire with her Californian fiance and a fluffy kitten called Shadow, who is convinced she is a bigger cat than she is.
