Von P.J. Alderman : A Killing Tide (Columbia River Thrillers Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Killing Tide (Columbia River Thrillers Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. An excellent page turner!Von reviewerI loved this book. From the time that I started reading it, I couldn't put it down. The characters just reached out and grabbed me. This author has done a wonderful job with the plot, creating a strong

romantic suspense page turner that won't quit. The heroine, Kaz Jorgenson, is strong and valiant and cares about her family, dropping everything to return to her hometown Astoria to help her twin brother when he needs her. She's paired to Michael Chapman, the new fire chief in Astoria, a man who left scandal and suspicion behind in his old life. He doesn't want to get involved with Kaz but can't deny the attraction. Michael is a strong, intelligent lead. Together these two take us on a wonderful journey that make me care and root for them both. A phenomenal whodunit!0 von 0 Kunden fanden die folgende Rezension hilfreich. Loved it!Von E. RamerIt's hard to believe this is a first book, it's so good. Alderman did everything right and I didn't want to stop reading. Kaz Jorgensen takes time out from her successful business in San Francisco to return home to Astoria, Oregon to help save her twin brother's fishing business. Then her twin's best friend is killed, he's the suspect and nowhere to be found. Kaz can't believe he did it, and sets out to prove it.Michael Chapman, the town's new fire chief, is a former top arson investigator from Boston. He came to Astoria to escape memories of his fiance dying in a fire set by a revengeful arsonist. Now he's falling for another woman whose life might be in danger, and he'll do anything to save her.The characters come to life with strengths and flaws and layers. Alderman peels off the layers slooowly, keeping the reader in page-turning suspense. The description is evocative, so well done I could see it in my mind. The romantic tension builds naturally, from a spark to a flame. And the writing is brilliant. I'd love to read more stories about Astoria and the other characters in the book.0 von 0 Kunden fanden die folgende Rezension hilfreich. Nothing specialVon JN12The author succeeds in describing the fishing town Astoria, its' and inhabitants. The romance is nice and goodly written, too.What I missed was a twist. The author hinted several things regarding certain characters, which made me suspect them as the villains. And who were the villains? The villains, who no one in the book even really suspected until the end? Well, said chracters, of course. What a surprise.The book was suspensful nonetheless (since one didn't know that it wouldn't contain twists...), but the end was rather dissapointing.I'll keep the author in mind though, since this was her first book, and she clearly has potential.

KurzbeschreibungNew York Times and USA Today Bestselling NovelWhere there's smoke...Kaz Jorgensen is used to fear--the anxiety of negotiating treacherous currents as she captains her family's fishing trawlers, the terrifying nightmares of the day she almost lost her life on the river. But now a man is dead, an arsonist has set the Anna Marie ablaze, and her brother is missing.There's fire...Michael Chapman knows how to take the heat--as the new fire chief of Astoria, Oregon, he's dealt with more than his share. No way can he afford to get involved with the sister of a suspect. But the scorching attraction between him and Kaz burns out of control, and when someone takes a shot at her, his protective instincts kick in. Whatever happens, he can't allow another woman to die because of him. s:"...an intriguing contemporary romantic suspense with an engrossing plot and lots of mystery that keeps you guessing. With this debut, P.J. Alderman shows that she is clearly an author to look out for." --Fallen Angel s"The plot twists and turns like a fishing line in a rip tide." --New Mystery Reader"If P.J. Alderman's first foray into writing is any indication then we should be on the receiving line for some enjoyable books. Her characters are very real and kind of rough around the edges, which is what make them so wonderful to get to know. Even the bad guys have their moments. That was what made it an interesting ride to see who was responsible for the murders, arson and general mayhem. Alderman, who paints a wonderful picture of the lives and trials of the fishermen born into a life aboard the trawlers and have to circumnavigate treacherous waters, brings the story to life." --Fresh Fiction"For a debut author, P.J. Alderman does a fantastic job of creating intrigue, suspense, drama, romance, and so much more. The plot is well laid out and incredibly plausible with characters who are full and real...if A Killing Tide is P.J.s debut, a bright future is on the horizon and I cant wait to see more." --Once Upon a Romance"Kudos to Ms. Alderman on a job well-done. The edgy THE KILLING TIDE is a fabulous debut, an edge-of-your-seat chiller guaranteed to thrill." --Romance Reader at HeartKurzbeschreibungNew York Times and USA Today Bestselling NovelWhere there's smoke...Kaz Jorgensen is used to fear--the anxiety of negotiating treacherous currents as she captains her family's fishing trawlers, the terrifying nightmares of the day she almost lost her life on the river.
