**Von Lane Hayes : A Kind of Truth (A Kind of Stories Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Kind of Truth (A Kind of Stories Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Best book I've read by this author so far! Loved it!Von From Top to Bottom ReviewsI think this is my favourite book by Lane Hayes yet. I loved her Better Than series, but this one was even better!The book starts of with Rand who has just

moved to New York to become a rock star. However, at beginning theres some difficulty because Spiral, Rands band, lack a lead gitarrist. When they find one, Rand isnt really happy with him and wants him gone sooner rather than later. Hed prefer shy and quiet Will, his guitar teacher, to join the band. Will comes from a really conservative family. Coming out has cost him the support of his family and he had to find his own way to pay for college. This is how Rand meets him again, this time as Billie, in a night club. For reasons I dont want to give away (because it would spoil the whole book), Wills family wants him back again (and in the closet) as soon as he graduates. So a romance with the soon-to-be rock star Rand doesnt fit in there at all. They both decide on a temporary relationship until Will has to go back to his family and Rand records his first album. But even though they hadnt intended it to happen, soon there are feelings, longings and dreams which simply do not let themselves be hidden. The story is intense, multilayered, thoughtful and gripping. Even though theres not a lot of twists and turns I couldnt put A Kind of Truth down. I loved the opposites-attract played out here and I seriously cant wait to read more in this new series. I didnt know beforehand that one of the characters was a crossdresser or Id have started the book right the second it was available. Its something I havent seen a lot in books but it is definitely something that fascinates me. And I have to say I LOVED Will and his fishnets. Ive seen a lot of reviewers who loved Rand, and while I really like him, for me it was Will who really captivated me. Hope to see lots of him in the next books! A Kind of Truth is the first book in a spin-off series from Ms. Hayes Better Than series, so while you dont have to read the Better Than books before this one, Id really recommend you to because theyre just awesome and why not?

Kurzbeschreibung A Kind of Story Rand OMalley dreams of superstardom. He hopes to one day sing the blues like a rock god. Moving to New York City and hiring a new manager are steps to make his dreams a reality. But nothing moves as fast as Rand would like, and everyone has opinions, for example that he should keep certain pieces of himself quiet if he plans on making it in the Big Apple. Like his bisexuality. Will Sanders is a gifted musician who dazzles Rand with his ability to coax gorgeous notes from an electric guitar one moment and play the piano like a professional the next. Hes a geek, but Rand isnt concerned about Wills pressed exterior clashing with his tattoos. His focus is music. Yet theres something about Will that makes Rand think theres much more to the quiet college student than he lets on. As Rands dreams begin to materialize, hes forced to reconsider his priorities and find his own kind of truth. One that might include Will.
