Feist has come a long way and now with this book he begins the end trilogy of the Midkemia universe.It's an easy to read book and it hooks the reader as some of his first books in the

series. You just want to keep on reading even though you need to go to work tomorrow. It's not like *Magician* and some will complain that the characters feel familiar, I'm actually a bit miffed with Raymond E. Feist as he could have kept the suspense a little longer and not give us such a hint in the middle of the book, which makes you guess very easily about some of the things which will happen in the next two books. All in all, it's a great book and a good read...and I can't wait to see how the plot will continue in the next two books.

Gewohnte Qualität Von Elhandil Der Auftakt der letzten Midkemia Trilogie bringt alle Qualitäten mit, die man als Fan von einem Feist-Buch erwartet. Die in den vorherigen Bchern angefangenen Plots werden weitergesponnen und alles fgt sich allmhhlich zu einem stimmigen Gesamtbild. Endlich wird auch mal wieder auf die ConDoin Familie eingegangen und die Namensgleichheit der Protagonisten mit den Charakteren der Rift-War Bcher sorgt fr nostalgische Momente, zumindest wenn man von Anfang an dabei ist. ;) Was mich ein wenig strt sind nach wie vor die Star Elves, die imho allzu deutlich aus *World Of Warcraft* abgekupfert wurden und das Tomas keinen einzigen Auftritt im Buch hat. Alles in allem aber wie immer eine echter "page turner", den ich bei einer Kanne Tee innerhalb von 4 Stunden verschlungen hab.

Kurzbeschreibung Discover the fate of the original black *Magician*, Pug, and his motley crew of agents who safeguard the world of Trigia, as prophecy becomes truth in the Midkemia trilogie.

THE KINGDOM BESIEGED The Darkness is coming The Kingdom is plagued by rumour and instability. Kingdom spies in Kesh have been disappearing - either murdered, or turned to the enemy side. Information has become scant and unreliable; but one thing appears clear. Dark forces are on the move

Since Pug and the Conclave of Shadows enforced peace after the last Keshian invasion, the Empire has offered no threat. But now factions are rising and Jim Dasher reports mobilizations of large forces in the Keshian Confederacy. As the men of the West answer the King's call to muster, Martin conDoin - left as caretaker of Crydee Keep - will suddenly be confronted with the vanguard of an invading army. He reminds himself that he is a year older than his legendary ancestor, Prince Arutha, was when he stood firm against the Tsurani invasion, but Arutha had an army to command, and Martin is left with old men and young boys.

Massive events are about to unfold, events which threaten the future of all human life in Midkemia
