psychologisch nachvollziehbar. Das ist leider nicht selbstverständlich.

Kurzbeschreibung Marly and her lesbian lovelies pull off a coup de main, recruiting a bevy of young, gullible, innocent beauties for Jerome's unique brand of corporate service. There are some corporate affairs to be tended to and a naive, young employee discovers, to her inner delight, what the Service Division of Marshall Industries really is. Nancy, now referred to only as girl no. 9, proceeds on her course of education in the first three rules of subservience as the artificial inhibitions of civilized life are stripped away and her inner, native licentiousness is set free.
