Had more potential...Von LittleDarlingAfter reading the "Shattered Hearts" series, I was looking forward to "Abandon", having really liked Tristan in the other books. So getting to read his story was exciting.It was a quick and entertaining read that I did enjoy although at times I was missing more depth and character development as well as emotional intensity.But then again, it fit Tristan who tried to live his life as shallow as possible. A hot musician he didn't miss a

chance of getting into girls' panties, treating them as nothing more than a pass-time activity, never allowing himself to feel or to let someone in. That started to change with Senia coming into his life and turning it upside down. But the demons from his past made it hard for him to love and it might take him losing what he loves to realize what is truly important to him. Senia on the other hand has had a bad taste in men and it could be argued that Tristan isn't that much different. But she sees more in him. And as her life is also turned on its head, she realises she has to give him a chance to prove himself. But will it be enough when his dark past is brought to light? Or will she have to admit he is not the person she believed him to be? I liked the story and the characters, despite sometimes feeling like they were one-dimensional. It felt like something is missing in the story. Though the situations they faced were heart-breaking and tragic, their reactions, feelings and emotions were lacking depth. It made it hard for me to get emotionally invested into the story. At times it felt a bit rushed which made it difficult to feel the emotional agony that was potentially in the story. But the plot was original and I enjoyed the twists and turns, the ups and downs the story had to offer. Despite some short-comings the story was definitely captivating enough to make me finish the book in one sitting. 3.75 tragic, sweet and tender stars.

Kurzbeschreibung This gritty full-length novel is a spinoff of the New York Times bestselling Shattered Hearts Series and follows mysterious and sexy bassist Tristan as he attempts to abandon his demons in the name of love. A steady stream of meaningless sex is all Tristan has left when he discovers the grandmother who raised him is dying and his best friend is getting married. He is lost; and the dark secrets in his past keep coming back to remind him of this. Until Tristan has an idea that will change his life and fulfill his dying grandmother's wishes: Abandon his playboy ways and settle down. And who better to do it with than Senia, the girl who has occupied his thoughts since their scorching tryst in the back of his sports car. The only girl who makes him laugh and feel like a kid again. But when his world begins to crumble around him, the pain Tristan is hiding finds its way to the surface. Will Tristan finally learn to trust again? Or will he abandon his chance at real love? **Pressestimmen** "Tristan and Senia are on fire, their chemistry is off the charts and their story is unexpected and simply beautiful." (Natasha is a Book Junkie) "Tristan, on the other hand, broke my heart. He shattered me. I fell hard for him in this story." (Novel Seduction) "Be ready for a roller coaster of emotions." (Mean Girls Luv Books) **Werbetext** The gritty spin-off of the New York Times bestselling Shattered Hearts series follows mysterious, sexy Tristan as he attempts to abandon his demons in the name of love.
