Ja, auch hier 5 SterneVon Wolf D.Wie ich schon an anderer Stelle schrieb: Alles was ich in einem Rutsch durchlese, weil ich es nicht aus der Hand legen kann, kriegt von mir 5 Sterne.Dazu gehen die vier Gwen Farris Bcher von P. S. Power - wobei die eigentliche Geschichte in den ersten drei Bchern "Abominations", "Monsters" und "Strangers and Lies" erzählt wird. Nicht das "Tremble in the Dark" nicht spannend wre. Da habe ich den Eindruck, der Autor versucht hier die Serie auszubauen, was ja nicht verwerflich ist. Im Gegenteil.Man sollte die Bcher auch unbedingt in der Reihenfolge wie vom Autoren angegeben lesen. Sie bauen aufeinander auf.Diese vier Bcher gefielen mir genauso gut, wie die Emperor's Edge Bcher von Lindsay Buroker und die Books and Brown Bcher von Tee Morris und Pip Ballantine.0 von 0 Kunden fanden die folgende Rezension hilfreich. berraschendVon Jens BernhardtIch bin eigentlich kein Fan feminin geschriebener Literatur, allem voran dann nicht wenn sich der Protagonist stndig meint gegenber der Mnnerwelt profilieren zu mssen und dies dann primr durch Trotz auch noch schafft.Diese Serie, und ihre Charaktere,

jedoch sind zu elaboriert für diese Art von Kritik. Die Story ist spannend, geht an vielen Stellen gekonnt durch Grusel wie Ekel unter die Haut, sowie hat einige Überraschungen parat. Besonders gekonnt finde ich die solide implementierte Mischung aus Zukunft, Vergangenheit und Mystik via Einführung einer parallelen Welt. Zwar ist Emanzipation ein recht dominantes Thema, doch es passt gut zum Szenario, ist nicht wirklich wertend, und die Protagonistin erarbeitet sich ihren Respekt auch tatsächlich. Gut investierte Zeit. ;-) 0 von 3 Kunden fanden die folgende Rezension hilfreich. GoodVon Kristian Neitsch Good read if you like this kind of writing. I liked it very much. So full points from me. :)
