Von Dante Feral : Absolute Submission (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Absolute Submission (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolute Submission...indeed! Von Sandra Having read "The Beast that Rides the Back of Love" by the author, I had to check

out his other works and I had the feeling "Absolute Submission" wouldn't be a disappointment, either. Actually, it's just as fascinating. I'm getting hooked. I want more. In this book, Dante Feral focuses on a single woman he can live out his fantasies with and she's more than willing to comply. Being a complete virgin in the submissive department, she instantly knows how to behave and be a good girl. "Absolute Submission" is a manual, giving instructions and showing potential submissives what's requested of them to keep their Master happy, all wrapped up in a very erotic, extremely catchy and well-written love story. YES, it is. So, this is a MUST-READ for all romantic submissives and wannabe-submissives out there! 5 of 5! Buy, read, review!
