Von Marlies BontenballI love al the writing from C.L. Stone. The way she writes about emotions and insecurity, just so recognisable, and the boys are great! want them to be my friends!

Von KallasinI started reading CL Stone's books after I dicovered Introductions. It was an amazing foundation for an even more amazing story. I fell in love with the characters so quickly, that even though a new book in the Ghost Bird or Scarab Beetle Series is published very quickly, I find myself reading all of the previous books again before the new addition comes out and every time I get sucked into them, as if I read them for the first time. I have never been disappointed with any of her books. They seem to become more intricate with every new part to the story. When I found out at the beginning, that more than 20 books are planned for the Ghost Bird Series alone, I was really happy about it. Now I hope there will never be a last book. And if you read this CL, thank you again so much for writing and publishing! I really can't say it often enough. Reading is my escape from my reality and getting immersed in Sang and Kayli's lifes is the best medicine.

Von Kindle-KundeIch finde die Unterschiede des Teams zur Ghost Bird Serie sehr gelungen. Eine zweite Sang Geschichte wrde ich ungerm lesen. Kaylies Story ist ein guter Ausgleich.

KurzbeschreibungKayli Winchester is still recovering from her last adventure and is out hunting for her missing brother, Wil, when Ethan Murdock calls, asking for help. Billions of dollars have gone missing and Kayli is the perfect person to find them as one of the few people Ethan trusts. Only one problem: The team is led by Blake Coaltar.Kayli negotiates her way into a co-lead position, but for the Academy guys, that might not be good enough. The Academy doesnt trust Blake and the last thing they want is for her to get mixed up with him.The guys can't persuade the willful Kayli to abandon the cause. They give her five days to convince them they should stay in this job. If she cant, the boys want her to walk away.Kayli goes undercover and becomes the hot topic around some of the most wealthy and powerful CEOs in Charleston. Now she has to prove shes a secret investor for old Mr. Murdock from before he disappeared, and convince them all shes the real deal. She dives into her assignment head-first, but one uncovered complication after another threatens the mission. No matter how close to the chest Kayli plays her hand, secrets have a way of being discovered, and Axel, Corey, Brandon, Marc and Raven aren't going to like the truth shes keeping from them. Being forced to work together for a week with an enemy may tear them all apart, leaving Kayli with nothing.It might be up to Blake Coaltar to save them from each other.
