Old series, new beginningVon TMThis is book number 8 in the Sanctuary series and at the same time were starting over with a new location in Chicago and a new case of characters. We meet Nik and Manny again and hear about Jack but this feels the beginning of a new group. Its also the beginning of a new case.Cops Jamie and Simon have discovered

irregularities in their department, DG (drugs guns) and suspect one of the old-timer cops is on the take and working with Varga, a big time drugs and weapons dealer. After receiving a text from Jamie to meet him at his apartment, Simon goes to meet him only to find Jamie recently shot. He runs away and tries to find Sanctuary, the place a fellow cop told him to go if he ever found himself in a situation with no way out. There he meets Cain, who is setting up Sanctuary's Chicago operations. They go to a safe house with Jamie's ex-girlfriend, but things start to go wrong. For the romantic part of the story, the book was really too short for me to really get into it and root for the guys. Not that it wasn't a good storyline but I would have liked more time for the relationship to develop, as it was, it felt rushed to me. I really like the criminal story line and can't wait to find out how it continues. I'm definitely going to be by Sanctuary 9 (Ghost) when it comes out.
