Von Dakota Cassidy : Accidentally Demonic (Accidentally Paranormal Novel) before purchasing it in order to gage whether or not it would be worth my time, and all praised Accidentally Demonic (Accidentally Paranormal Novel):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Accidental series, Book Four. I liked it better than the previous ones.Von Detra FitchCasey Schwartz's job is to escort two trouble-attracting twins everywhere they go, day and night. If she cannot keep the twins from getting into trouble,

it is up to Casey to do some damage control. So when the twins get too wild at a bar and a photographer is trying to snap some scandalous pictures, Casey steps in his way. The next thing Casey knows is waking up in jail for assaulting an off-duty cop. Her sister, Wanda Jefferson, comes with two friends to bail Casey out and try to piece together what happened. But mild mannered Casey seems to have had an attitude adjustment, so when one of Wanda's two friends makes her angry Casey sets the woman's hair on fire! Answers to the group's numerous questions begin when Clayton "Clay" Gunnerrsson walks in the door claiming he is responsible for everything. Clay had been so close to finally getting rid of Hildegard, the demon who has been the bane of his existence for far too much of his vampire life. Unfortunately, the demon blood Clay had on his person is accidentally spilled on a mortal woman, causing her to become uncontrollably enraged. Like it or not, and she does not, Casey has become half demon and there is no going back. Casey is shooting fireballs from her fingertips, levitating, and sprouting horns. If that is not enough to wrap her mind around, Casey learns that her own sister, Wanda, and the two friends with her are also paranormal. Casey must learn to control her sudden tempers and how to use her powers without harming anyone. But can the still-human half of her control the half that is malicious demon?***** FIVE STARS! Dakota Cassidy seems to get better and better with every book she writes. In my opinion, this story is the best thus far. Seeing the three main female leads from the three previous titles of the series made everything more fun and realistic. Readers will thoroughly enjoy this romp with the paranormal. Fun, humorous, and booty-licious! *****Reviewed by Detra Fitch of Huntress Reviews.

Kurzbeschreibung The devilish new novel from the national bestselling author of The Accidental Human When mild-mannered Casey Schwartz wakes up in jail, she has no memory of how she got there. But after her sister, Wanda, bails her out, Casey has more to deal with than a foggy memory-like abrupt mood swings and fireballs shooting from her fingertips. But things really head south when a vampire shows up on her doorstep... Vampire Clayton Gunnerrsson is seriously hot. And seriously taken-by a demon. In a ritual gone wrong, Clayton tried to get rid of his unwanted bond, but spilled some demonic blood on Casey, getting her possessed in the process. Now, Casey has to share her body and manage to keep her growing attraction to Clayton in check, because falling for her demon's boyfriend just might get Casey killed-from the inside out.
