A long novel even in this genre should deliver more plot and more interesting characters. Otherwise I got bored. This kind- Aliens-and-their-horny-pets tale started out really good and deliciously porny, but then turned into a pretty odd and hardly aroused story of laying, carrying and dropping eggs interrupting by the milking machine orgies and nature interactions accompanied by many I-love-you(!) Nothing actually happened here on many many pages except a lot of repetitions - there were no conflicts, no fears, no new hot sex scenes, no further developments neither in the characters, nor in the plot. Hot turned into boring. The moment THIS porny suddenly claimed to be moving aka deeply emotional towards the end, it became ridiculous. 4 stars for the first third of the book, 1 star for the remaining parts. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Tymber Dalton in Hochform Von Chriffee Sciencefiction. Aber mal ganz anders. Wenn Menschen von Auerirdischen gefangen genommen werden und wie Haustiere behandelt, msste das doch bengstigend sein. Tymber Dalton macht daraus ein tolles Buch, sehr erotisch und beweist mal wieder, das tolle Liebesromane keine Geschichte zwischen einem Mann und einer Frau sein mssen, sondern auch mit mehreren Mnnern lesenswert sind.

Kurzbeschreibung [Menage Amour: Erotic Sci-Fi Alternative Menage a Quatre Romance, M/M/M/M, with Multiple Partners, Public Exhibition, sex toys, M-preg, humans as alien pets, M/s elements] Dale despised the Terran military. He was drafted, not a volunteer. He never expected to get captured by the Algonquans and sold as a breeder pet, either. He only prays his new owner is kind and doesn't eat him. Then he meets fellow pet, Mark, who informs him getting captured was the luckiest day of their lives. Mark also hated the military and now spends his days in a life of sexual leisure, enjoying poetry and totally at peace with his fate. Dale settles in and finds not only does he enjoy this life, he loves Mark, too. Despite tragedy striking too close to home in their protected world, they find room to love their Master's newest pets, Cooper and Nate. When the war ends and the Terran pets are granted their freedom, the men are faced with a choice: return, or stay with the owner they've grown to love? \*\* A Siren Erotic Romance
