Von Marsha Canham : Across A Moonlit Sea (Pirate Wolf series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Across A Moonlit Sea (Pirate Wolf series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. A waste of fine talentVon Ein KundeMarsha Canham is one of the best storytellers in the romance genre. She spins wonderfully unpredictable, charming stories filled with unique characters involved in strong and driving plots. ACROSS A MOONLIT SEA is no exception to this rule. The story of Simon Dante and Isabeau Spence comes to

vibrant life and is filled with romance and suspense. All it lacked was historical authenticity. Mary Stuart was not Elizabeth I's half-sister; she was her second cousin. Ms. Canham seems to have confused the Scottish queen with Mary Tudor, daughter of Henry VIII and Catherine of Aragon. It is also strange that given the research Ms. Canham must have put into rights of succession for her book *IN THE SHADOW OF MIDNIGHT*, she does not seem to have researched Mary Stuart's claim to the throne of England. She simply takes it for granted that Elizabeth was the rightful queen of England. In point of fact, by the rights of blood succession, Elizabeth had no claim at all to England's throne because she was illegitimate. Mary Stuart was indeed the rightful heir to throne after Mary Tudor's death. This concern pales in comparison to the sheer and unrelenting anti-Catholic and anti-Spanish bigotry that overwhelms this story. Given the feelings of English Protestants toward Spanish Catholics, I can understand that some portrayal of this was necessary. But when historical bigotry has to be portrayed in a novel, it is *always* put in the mouths of unsympathetic characters and acknowledged as such. In *ACROSS A MOONLIT SEA* Simon tells Beau that he hopes his father is in hell, a father who was never shown to be cruel or evil toward him or anyone else. The only reason given for this prayer of Simon's is because his father (who was French, not Spanish) was a devout Catholic who made yearly pilgrimages to Rome. This novel's anti-Catholic slant also affects Ms. Canham's interpretation of history (not just her facts). Incredibly, she denies the persecution of Catholics by Elizabeth. Through the mouth of Geoffrey Pitt, she claims that Elizabeth only "discouraged" Catholics from practicing their faith publicly. Tell that to St. Edmund Campion, a priest who was hanged and then drawn and quartered in 1581. Tell that to St. Margaret Clitherow, a wife and mother who was pressed beneath the weight of heavy boulders for refusing to attend Anglican services, for hiding the hunted priests, and for providing her home as a place for Mass to be celebrated. I have not given up on Ms. Canham because her books are usually very good. In fact, *IN THE SHADOW OF MIDNIGHT* contains the most beautiful portrayal of a vocation to the religious life that I've seen in a secular novel. That makes *ACROSS A MOONLIT SEA* all the more puzzling, but encourages me to give Ms. Canham another chance.

Marsha Canham puts everything you need to make an exiting combination of romance, adventure, a love-hate relationship, laughter and of course what is a romance novel without sex (let me tell you this woman has a very fertile imagination, if not an adventurous love life!). I loved this novel so much that is one of the many that I re-read every few months and I don't tire of reading it. I found myself wishing to be the adventutous Isabeau and hoping to find the dashing Dante. Everyone that loves adventure and a great romance, and a damselle that is not in very much distress, must read this novel. It will capture your heart for ever.

I am really grateful for this kind of marketing because I likely wouldn't have found these books otherwise. As a student who reads romance fast and many a year, I am reluctant to spent much money on books. And I am eternally grateful for good romance authors who don't charge more than I can give. But having read this first book for free I would have probably spent even one or two euros more for each following book. I liked the details in this book. Set in a bckground that was well researched as well as written in a way that transported you back to those tomes. The historical context didn't seem like just a scenerie but very much part of the story and not just a bad attempt to make a love story more serious reading. I am happy Marsha Canham choose to write romance, for since I read my very first romance - it was pirate novell - I am addicted and I want more and more and more. This book was just what I needed at the time :)

Kurzbeschreibung A rip roaring high seas adventure set in Elizabethan England when dashing privateers known as sea hawks banded together to guard their country and their queen against the Invincible Armada being amassed by Spain. Simon Dante, the Pirate Wolf, meets his match in battle and in love when he crosses swords with Isabeau Spence. Together they join forces with Sir Francis Drake on a daring attack on Cadiz. *Across A Moonlit Sea* is also Book One of a trilogy; Book Two is *The Iron Rose*. Book Three is *The Following Sea*. All three can be purchased together in one volume: *The Pirate Wolf Trilogy*.
