Wickedly Seductive!Von Yasmin ColemanTurn up the air-conditioner, pour yourself a nice cold drink, and grab a towel because Zane is getting ready to take you on a sexual escapade with Addicted.Unbeknownst to Zoe the

protagonist of the story (and me for that matter), Zoe's sexual behavior was probably shaped long before she moved to her new neighborhood when she was in the fifth grade. The neighborhood where she met Jason, the boy who would become her first sweetheart, the boy who she would lose her virginity to and become pregnant by, the man who would later become her husband and yet through it all would not be able to satisfy her sexual cravings, sexual indulgence, sexual desires, sexual needs. As such, Zoe would seek sexual satisfaction outside of the marriage and would engage in a number of extramarital encounters ...some of the strange kind. As Zoe's addiction becomes overbearing, all-consuming and life-threatening she seeks professional counseling. It is via professional counseling that the secrets of the past come rushing forward...secrets that Zoe was unaware existed in the corners of her brain, secrets that help shape Jason's actions as well as secrets that Zoe's mom felt were better left in the past. As the secrets unveil, Zoe is able to find herself...however...will life now be perfect or will someone from her past be out to get her...? Addicted is a wickedly sensual, page turning, quick read story that will keep you up until the wee hours finishing the book. Addicted is lurid, bold, neurotic and totally engaging. Addicted is erotica with a storyline, substance and depth. It's also suspenseful and intriguing with plot twists and turns that take you to the edge and over if you're not careful. Just when you think it's all figured out Zane takes you in another direction. Addicted is the first book that I've read by Zane but I'm quite sure it will not be the last. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Simply Superb Von WKWI completed Addicted on Sunday night. I must admit that I was impressed. I have always been a fan of Zane's erotic work, but now I am also a fan of her larger workings as well. Addicted had me on the edge of my seat (and even knocked me on my behind a couple of times). A piece of art has not thrown me for such a ride since the movie "The Game" featuring Michael Douglas. I like the way that Zane is able to paint a very vivid picture of the times and of her characters. Like Martin Lawrence has the ability to do with some of his characters, you actually feel like, yeah, I know this person, or dang, that reminds me of my girl so and so or my boy B-bop, or even, I remember those times. I enjoyed discovering the complexities of Zoe, Brina, Jason, but not so complex that I was lost in them. Not only that but Zane made me care about the characters. At one point, I was like dang, how much more can she take... or dang, Jason I know exactly the hurt and pain that you feel Jason, or dang, I knew that would happen. Zane puts that knife in our hearts at the perfect time. I thought I could predict the plot at first, but as I got into it deeper and deeper, I figured dang Zane d'un tricked me. I can't wait to see what happens next. All in all I was very entertained, and once I got into the heart of the matter, it was very hard to put down. 0 von 0 Kunden fanden die folgende Rezension hilfreich. All I can say is WHEW! Von Ein Kunde I know a lot of people say this about books but I honestly could not put Addicted down. I was reading it at work, reading it on the subway, reading it while I was on a date waiting for Mission Impossible 2 to start. I read it in less than 24 hours and I have never, ever done that before. I have already passed it over to my best friend to read. I don't want to risk giving anything away so just let me say that if you are looking for something different among all the Waiting to Exhale knockoffs out there, this is it. Zane lays the words to paper like magic and the characters are past believable. If you have ever read any of her erotica, you already know how detailed the sister can be. You feel like you are actually watching their lives unfold. I loved the fact that Zane spent time showing all of the main characters as children because a lot of what we become as adults stems from childhood. Thus, the drama that Zoe, Jason and Brina all went through. Boy, was it a lot of drama! If I could give this book ten stars, I would. On second thought, even ten stars would do it a serious injustice. Make it twenty!

Kurzbeschreibung The New York Times bestseller Adapted into a major motion picture distributed through Lionsgate From the Queen of Erotica, Addicted tells the provocative story of one married woman's struggle to deal with the fallout of her forbidden desires. The world of Addicted is continued in the New York Times bestseller Nervous, and Zane's highly-anticipated upcoming novel Vengeance, available May 24, 2016. For successful businesswoman Zoe Reynard, finding the pleasure she wants, the way she wants it, is not worth the risk of losing everything she has: a charmed marriage to her childhood sweetheart, a thriving company, and three wonderful children. But Zoe feels helpless in the grip of an overpowering addiction to sex. After finding a compassionate therapist to help her, Zoe finally summons the courage to tell her torrid story, a tale of guilt and desire as shocking as it is compelling. From the sensitive artist with whom she spends stolen hours on rumpled sheets, to the rough and violent man who leads her toward destruction, Zoe is desperately searching for fulfillment and, perhaps, something darker and deeper. As her life spins out of control and her sexual escapades carry her toward a dangerous fate, Zoe races to uncover the source of her fatal attraction. Chilling secrets tumble forth and perilous temptations build toward a climax that could threaten her sanity, her marriage and her life. Pressestimmen Franklin White Author of "Fed Up with the Fanny" and "Cup of Love" Hot! Sensational! This is one you won't be able to put down! Karen E. Quinones Miller Author of "Satin Doll" Erotic and well-written, "Addicted" sizzles and satisfies. Zane has managed to pen a novel that expertly portrays both romantic and earthly love and does more than simple justice to each. Margaret Johnson-Hodge Author of "Butterscotch Blues" Snatched me up from the first page and didn't let me go until the end. A great read!
