KurzbeschreibungTori, a quiet reserved small town woman wants to break out of her shell and sexy bad boy city cop Vic is just what she needs. Being shot at, a car chase, sensual, erotic and wildly mind blowing sex certainly kick starts her transformation. Then getting arrested complicates things for them both.Excerpt:Vics phone was ringing and he answered it with a frown. A quick laugh and Vic hung up. Darln, the cops are asking you to slow down so they can catch us, Vic told her chuckling. Tori took a sec'ond to glance at him, pouted and asked if she had to, as she eased up on the gas. Sure make me stop just when I was really having fun," she said laughing. Soon there were cruisers coming up fast and as directed Tori eased off even more and pulled over to the shoulder. This has to look real darln so keep in character, Vic whispered to Tori. Wow, this was amazing, thought Tori. Shed never felt so alive before. It was as if it wasnt her in the car but an alter ego or something. She felt confident and sexy. As soon as they stopped Tori turned to Vic and said, Bad Boy, I hope you know youre in trouble. This wicked car of yours has turned me on. She couldnt believe shed said that but then Tori laughed and without a second thought grabbed Vics shirt front, pulled him toward her and kissed him. It wasnt a fast peck, this was her first full out assault kiss and she was going to make it count. Before she knew it he had pulled her over the console and she was straddling Vic in his seat. She could feel him pressing against her intimately. She wanted him and from the feel of his fast rising erection she knew he wanted her too. Vic was stunned, and then instinct took over as he took control of the kiss and proceeded to make love to Toris mouth. Damn she tasted good, and that hesitant and yet demanding tongue of hers was lethal. His hands were on her ass, grinding her against him. Her breasts were teasing him as she pressed even closer. The hunger was instantaneous and ravenous. The kiss continued until there was banging on the window reminding them both that they had an audience, and that the show wasnt over yet. Sorry to interrupt but we need to arrest you two, said the chuckling officer at the window.(A spicy romance novella) : Finished your book! I laughed, cried and LOVE it! even told many friends to buy it! Thanks!
