Von Colina Brennan : Addicted to You (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Addicted to You (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fun, snarky and sexyVon LittleDarlingWhat is the best thing you can do when your last one-night-stand robbed your apartment, left you and your room-mate with nothing and your room-mate decides you need to go to therapy for sex-addicts? Gussed it? Yep, the solution is to fall for a guy in your sex addict meetings.And this is where the story

starts in a therapy session. Leah, the girl with the bad taste in one-night-stands grudgingly visits the meetings in order to not be kicked out by her room-mate and best friend. In her therapy session we meet a few very original characters that will make you snort your tea through your nose or give you the need to scrub yourself down with acid. That is until the new guy enters the meeting, Mr. Blue Eyes. And no, I am not talking about Sinatra. It is much better than that: a hot, delicious, muscular, sweet and charming psychology student, Will. Not to forget he is Scottish. The word aye never sounded so sexy. There are sparks flying between him and Leah from the first moment on. But not only are they attracted to each other on a physical level, they are both intrigued by the other, feeling a closeness that should not be there when just meeting someone. And this is where the problem lies. Leah isn't good at dealing with emotions due to a cold and distant upbringing. So far the only way she dealt with emotions was to get into a random guy's pants. She has no idea what to do with the feelings she experiences towards Will, but would want to just get him out of her system by, you know, getting him naked and then forgetting all about him. Will isn't willing to let her slip away though. Ready to convince her that he is an addiction worth having, he looks behind her grumpy and rejective demeanour and sees the hurt girl underneath. Too bad that he is lying to her from the start about being a sex addict, as he is a psychology major researching alternative therapy methods for the more unusual addictions. What will happen when Leah finds out? Will she allow herself to get close to Will or will she run away? It is best if you find out yourself, but let me tell you the book is so much fun. Witty, sarcastic and incredibly funny, not least because of Leah's feisty and devil-may-care attitude. The characters were absolutely likeable. Leah's personality had so many layers and I loved it how due to her interactions with Will, with her room-mate Helena and her little brother Elijah I got to know so much about her character. Besides being the shrew she tries to portray, she is a caring, loving girl that has been disappointed by the people she should have been able to rely on the most. Will is a perfect book boyfriend. My knees are still all wobbly. He set his mind on winning Leah's love and damn, this boy is not giving up. The side characters are well developed too. Not taking away the main focus from Will and Leah, they still get to show their personalities and have depth. I loved that Colina Brennan made the characters quite diverse, which lead to the book being more realistic and interesting. The sexual tension between Leah and Will. Oh my, I thought I am going to spontaneously combust. The back and forth, their making-out sessions, their little remarks here and there. I couldn't wait for them to actually get it on. If you want to know if they did, you'll have to read the book. I give this book 5+ fabulous, mind-blowing stars. Aye, the book is definitely worth reading.

Kurzbeschreibung When twenty-one-year-old Leah Carter's latest one night stand burglarizes her apartment, her roommate forces her to attend therapy for sex addicts. Leah insists she isn't a sex addict; she just doesn't do relationships. After all, sooner or later, everyone lets you down. At first, the group sessions are little more than an education on how to be promiscuous. Until she meets the newest addict: blue eyes, killer body, and a smile that tempts relapse. Psychology student Will McLean is posing as a fellow addict while researching a case study on unusual addictions. But the more he learns about Leah, the more certain he is that his desire to break through her walls and unearth her secrets has nothing to do with his assignment. As the uncertainties spike alongside the sexual tension, the only thing Leah knows for sure is that falling in love would be disastrous. Too bad love might be one addiction she can't kick.
