BEAR-Book 2} A SIZZLING ROMANTIC STORY;The story focuses on; GINNY, a sassy beauty, pre-med college student, and keyboard player in the Second Sound Band; ADRIAN; a strapping, traffic-stopping gorgeous, powerful polar bear shifter, and lead guitar player in the Second Sound Band.What youll find in this story; a cast of remarkably impressive and engaging characters, spectacular story-line, picturesque and dynamic scene descriptions, camaraderie, phenomenal banter, heart-rending moments, spiraling emotions, family love, earth-shattering sensual romance, and a heart-warming conclusion leaving you content and wanting more.Ginny has recently become a were-bear after mating with Adrian. Ginny has problems accepting her new status as a bear, and every time she is stressed or angry she shifts to her bear no matter were she is. Adrian and his brothers find themselves protecting her from getting caught. Keeping were-bears a secret is crucial, and Ginny finds her self in tears more often than not because she cannot control her shift as her sisters do. She believes she will never be able to control her bear and becomes resentful. When the band gets an offer to record their songs, Ginny feels the need to quit the band to protect them, but Adrian will not under any circumstances leave his mate behind; finding a solution becomes imperative.WOW/SPECTACULAR fast paced well written imaginative read by a truly gifted author. The author does not disappoint in giving readers a story that gets you hooked from start to finish. I love Adrians endearing patience with Ginnys issues, always putting his mate first, even if it means giving up his own dreams. The love they share shines like a beacon and is filled with fiery passion. I relished this story, a most gratifying read. If you treasure shifter romance this is a terrific book for your library. {I was gifted this book. and this is my completely honest review}. In the world of shifter romance the possibilities are endless and always fascinating. Without reservation I recommend this book.1 von 1 Kunden fanden die folgende Rezension hilfreich.
